THE WEATHER

Local thunder showers Saturday in east, partly cloudy in west portion; Sunday, fair.

THE MORNING STAR

WILMINGTON

IT WOULD "COST LESS"

To keep your store open but three days a week—but it wouldn't pay so well. This same argument applies to "spasmodic" advertising.

VOL. XCIV—NO. 144. WILMINGTON, N. C., SATURDAY MORNING, AUGUST 22, 1914 WHOLE NUMBER 13,735.

GERMANS APPARENTLY INTEND TO OVERRUN ALL NORTHERN BELGIUM

But No Information is Available as to Whether They Will Confine Themselves to Reducing Antwerp or to an Endeavor to Force Their Way Southward Into France—Believed However, That Belgian Army at Port Will be Attacked.

$40,000,000 WAR TAX IMPOSED UPON BRUSSELS

Little is Yet Known of the Operations by Which the Kaiser's Army Wedged Itself Between the Belgian Force and Their French Allies, and Thus Occupied the Capital of the Little Country.

The German forces are partially investing the fortified city of Namur with a large force, operating against it with heavy artillery. The city, situated at the confluence of the Meuse and Sambre rivers, is noted for its tenacity in holding off an enemy, many times having withstood for long periods sieges by the French and the English and Dutch.

Having taken Brussels, German cavalry and an army corps of infantry are reported moving westward on both banks of the Meuse. Whether it is the intention of the Germans to proceed to Antwerp or cut their way through into France is not known, but it is believed Antwerp is their present objective. Alost, 15 miles northwest of Brussels, and Wetteren, 8 miles southeast of Ghent, have been occupied by the Prussians.

An official dispatch issued in Berlin declares the Baltic free of hostile ships. Austria has called other lines of reservists to the colors.

GERMAN MOVEMENTS A PUZZLE.

London, Aug. 22. (2 A. M.)—Little has become known of the operations early in the week which put the German army between the Belgian forces and their French allies and enabled the Germans to occupy Brussels.

It is believed the Germans brought up strong forces behind their cavalry screens and that a severe battle must have been fought to compel the Belgians to abandon Brussels and retire to Antwerp.

Whether the French forces were engaged with the Belgians is not known.

No information is available as to whether the Germans intend to devote themselves to reducing Antwerp or to an endeavor to force their way southward into France.

It seems, however, that the determination is to attack the Belgian army of 150,000 men, who still are in or around Antwerp. The Germans already are advancing in the direction of Ghent. They have occupied Alost, 15 miles northwest of Brussels, and Wettern, eight miles southeast of Ghent, and apparently intend to overrun the whole of Northern Belgium to the sea.

Cavalry patrols have been as far as Mechlin (Malines) 14 miles southeast of Antwerp and it may be heard before long that the Germans have occupied Ghent and Bruges and possibly Ostend.

If this is their decision, however, a clear invasion of France through Belgium must be much longer delayed.

The German general has imposed a war tax of $40,000,000 on the city of Brussels.

ACROSS CENTRAL BELGIUM.

Advance of the Germans is Described in Dispatch to London.

London, Aug. 22.—The Reuter Telegram Company's Amsterdam correspondent sends the following detailed account of the advance of the Germans across Central Belgium this week. The account was taken from an Antwerp newspaper. It reads:

"Tuesday morning the great advance movement began along a line extending in a broad V, from Diest to Tirlemont and St. Frond. The Belgians retired from St. Trond as the Germans outnumbered the Belgian advance guard. The first Belgian battle line extended 25 miles and included Diest, Haelen, Geetzbetz, Neerlinter and Tirlemont.

"Tirlemont was guarded by cavalry detachments only while on the other end of the line the burden of defense at Diest was taken by bicycle sharpshooters.

"The battle started at daybreak Tuesday near Geetzbetz where the Belgians gained the first blood by bringing down a German aeroplane. At 6 o'clock the Germans opened their attack with large forces of cavalry, supported by infantry and artillery with machine guns. Within a few minutes a fierce battle was raging along the six mile front.

"In the north the German right wing attacked Haelen and Loxbergen. In the south it attacked Budingen. The main attack was aimed to break through the Belgian line at Geetzbetz, where the dismounted Belgian cavalry poured in a terrific fire annihilating the German advance columns.

"Thereupon the German cavalry executed a daring flank movement around the Belgian positions, necessitating the slow retirement of the Belgians on Budingen where Count Dursel was killed.

"The most remarkable stand was made outside Budingen by two Belgian squadrons of 240 men who opposed for a long time 2,000 Germans.

"On the extreme north the Germans stormed Diest, bombarding the town furiously and destroying a large part of the city.

"Late Tuesday the Belgian headquarters, having learned the enemy's strength from aviators, decided further resistance along this advanced line would be foolish and ordered a gradual retirement.

"Wednesday a tremendous battle along the whole line continued. The hottest fighting was near Aerschot, 23 miles northeast of Brussels, where the carnage on both sides was terrible. The advance guard of two Belgian regiments made an heroic stand but was forced to retreat at 7 o'clock in the evening.

"At 11 o'clock the Germans reached Louvain in motor cars armed with machine guns. The Belgians had to fall back but in good order, after administering severe punishment to the enemy all the way. Their retreat took them through Malines and thence to Antwerp."

ULTIMATUM EXPIRES WHEN?

Exact Moment a Matter of Much Interest.

Washington, August 21.—Owing to the belief in official circles that the German government will avail itself of the last minute before replying to the Japanese ultimatum, demanding the evacuation of Kiao-Chow and withdrawal of the German fleet from the Orient, the exact moment when this ultimatum expires has become a matter of special interest.

In the Japanese note, Germany was given until noon August 23 to answer, but noon in Tokio and noon in Berlin of August 23 are separated by many hours.

If the hour is made through the German embassy at Kokio, then the Berlin government must address itself to Japan by the devious method of cable communication passing through the hands of its enemies, the British, and must start the message from Berlin tomorrow, if it is to reach Tokio by noon Sunday.

On the other hand, if Germany takes the ground that the terms of the ultimatum may be met by a response delivered to the Japanese embassy in

(Continued on Page Two.)

SIR JOHN D. P. FRENCH, ENGLISH COMMANDER, SEES FRENCH OFFICIALS

Paris, Aug. 21.—Field Marshal Sir John French, commander of the English expeditionary force, has been in Paris. He called on President Poincare, Premier Viviani and M. Doumergue, the former premier. From Paris Gen. French was expected to leave for the French general headquarters to join Gen. Joseph Joffre, the French commander. The location of the French headquarters has not been revealed.

EUROPEAN WARSHIPS LURK CLOSE TO AMERICAN PORTS

British Consul General, at New York, Advises Steamship Companies to Have Their Captains Confer With Him Before Leaving for Trans-Atlantic Voyages—Two Steamships Left Port Last Night.

New York, August 21.—While discrediting reports that a German warship, said to be the Karlsruhe, lurks off New York's port, R. L. Nosworthy, acting British consul-general, today notified every steamship company operating a trans-Atlantic service out of this harbor to have its captains confer with him before taking their vessels out of port so he might advise them of the location of British warships and other ships on the Atlantic.

Incoming liners have reported a British warship off this harbor during the past week and Consul Nosworthy said he could not believe that the Karlsruhe had come to New York waters. The Karlsruhe some time ago engaged in a half-hour exchange of shots with the British cruiser Bristol off Bermuda.

The latest definite word of the presence of a German warship on the American side of the Atlantic came today when the Italian freighter Il Piemont, arriving from Naples, said she sighted the German auxiliary cruiser Friedrich Wilhelm der Grosse, in mid-ocean August 12.

Captain Benison, of the Cunard steamship Ivernia, which arrived here tonight fro mMediterranean ports by way of Boston, told a story which tended to confirm the general belief that a British cruiser and not the Karlsruhe is the warship which the incoming liners have sighted.

Warship Suddenly Appears.

The Ivernia, flying the British flag, was off Fire Island at 2 o'clock this afternoon when a warship suddenly appeared off in the northwest. Captain Benison did not then know her nationality and turned toward the Long Island shore in order to get within the three-mile neutrality limit. Later it developed that the cruiser was British. Captain Benison refused to tell her name.

The cruiser was convoying the steamer Narragansett to this port as the Ivernia neared the Ambrose channel lightship. The Narragansett left New York this morning with a cargo of oil for London. Why she is returning was not learned tonight.

The Ivernia, whose call at Boston was to take on coal, carried many passengers. Arriving at Gibraltar on August 4, from Triests and Naples, Captain Benison was ordered to remain there until the war situation was learned. Then war was declared and the passengers prepared for an indfinite stay, but under protection of Gibraltar's big guns the Ivernia sailed at night on August 9. She was recalled, however, and made a second start the next day with funnels painted a slate color. She ran without lights for several night.

Officers of the Ivernia said five captured German vessels were brought into Gibraltar while they were there. Two were passenger boats and the others freighters.

Two Steamers Leave for Europe.

Two steamships left for Europe tonight—the White Star liner Canopic for Naples with nearly 1,000 passengers including Cardinals Gibbons and O'Connell on the way to Rome, and the Fabre liner Germania with between 300 and 400 French reservists for Marseilles.

BRITISH WARSHIP NEAR.

Seen Off the Virginia Capes Yesterday Afternoon.

Newport News, Va., August 21.—That an unidentified British warship was off the Virginia Capes late this afternoon and well within the three-mile limit was the statement of Capt. W. W. Scott, of the Virginia Pilots' Association, who tonight piloted the British steamer Mavis Brook into Hampton Roads. The warship was in plain sight of the pilots stationed at Cape Henry. The pilot says the Mavis Brook and the warship conversed in code signals after the freighter had been stopped by order of the man-of-war. The master of the Marvis Brook claimed not to know the name of the warship. He likewise volunteered no information as to his conversation with the vessel.

ROOSEVELT DROPS HINMAN.

Pledges Himself to Support Straight Progressive Ticket.

Oyster Bay, N. Y., August 21.—Theodore Roosevelt tonight withdrew his recent endorsement of former State Senator Harvey D. Hinman, a Republican, for nomination as Governor on the Progressive ticket, and pledged himself to support a straight Progressive party ticket in New York State.

Colonel Roosevelt under no circumstances will be the Progressive ticket for Governor himself, he declared earlier today.

FOOD DEALERS MAY FACE PROSECUTION

Result of Investigation of Advancing Prices.

MEAT PACKERS TESTIFY

Grand Juries in Chicago, Washington, Brooklyn and Three Other Cities May Be Asked to Return Indictments—Conspiracy.

Washington, August 21.—There were strong indications today that at least six grand juries in as many different localities soon will be asked to return indictments against food dealers alleged to have raised prices in a conspiracy to violate the Sherman anti-trust act.

Juries are almost certain to be asked for indictments in Washington, Chicago, Brooklyn and three other cities, the names of which the department at present will not reveal. In Chicago an immediate effort will be made to jail offenders.

Despite unwillingness of officials to discuss the investigations, it was learned tonight that information has been obtained concerning beef packers in Chicago which may result in prosecutions. Department of Justice agents, it was said, have discovered that packers are shipping large quantities of meat across the Canadian border. At the same time meat prices are advancing. It was understood here today the packers have not taken kindly to the investigations.

The rise in the sugar prices has led to renewed interest among department officials in the investigation of the supposed connection between the so-called sugar trust and the beet sugar interests.

DEPT. OF AGRICULTURE BLAMED

By Representative of Armour & Company, Witness in Inquiry.

New York, August 21.—The United States Department of Agriculture was held responsible for a beef shortage and the consequent rise in meat prices, by F. W. Lyman, a witness today in the Bronx county food cost investigation.

Mr. Lyman, representing Armour & Company, of Chicago, said the Department of Agriculture on August 1 warned farmers to hold their grain because there was a lack of shipping facilities due to the war abroad. The farmers, he declared, assumed the lack of transportation means would apply to cattle as well, and they failed to send the normal amount of beef to market.

The witness said the arrival tomorrow of the steamship Zinol with a cargo of 30,000 quarters of Argentine beef would relieve the situation to a great extent.

The food price inquiry begun by District Attorney Whitman, of New York county, was continued today. Witnesses representing several Chicago packing houses testified.

James O. Howard, district manager of Sulzberger & Sons, said there was no arrangement among district managers to determine the price. The law of supply and demand ruled, he declared.

In Brooklyn, Federal and county authorities continued separate investigations. Before a United States grand jury, wholesale dealers testified regarding increased grain and sugar prices, blaming farmers for holding back products and the war for preventing normal American imports of sugar.

It was understood at the Federal building that testimony developed by United States Attorney Young recently probably would lead to indictments. The county inquiry, before a Supreme court justice, developed that large quantities of sugar have been stored in warehouses by dealers and that many companies have been asked to store sugar indefinitely.

Sugar Lower in 'Frisco.

San Francisco, August 21.—Sugar was quoted at $7 a hundred weight here today, a reduction of fifty cents from yesterday's prices.

JAPAN NOW KNOWS AMERICA'S POLICY

Has Received Formal Declaration From Washington.

BEARING ON ULTIMATUM

Expected to Consult United States Before Taking Steps Beyond Boundaries of Territory of Kiao Chow—Friendly.

Washington, Aug. 21.—Japan has received from the United States formal declaration of policy bearing on Japan's delivery to Germany of the ultimatum demanding the surrender by the latter country of the territory of Kiao-Chow.

The American government's attitude was outlined in reply to assurances Foreign Minister Kato had given to Ambassador Guthrie, according to advices from Tokio, saying the integrity of China would be preserved.

While regretting that differences had arisen between Japan and Germany, the United States pointed out that it must refrain from expressing an opinion on the merits of the ultimatum, especially since the ultimatum might lead to war. The United States took occasion, however, in a friendly and diplomatic way, to place on record its understanding of the situation as follows:

"First, That Japan's purpose was not to seek territorial aggrandizement in China.

"Second, That Japan had promised to restore the territory of Kiao-Chow to China, maintaining the integrity of that republic and acting only in accordance with the Anglo-Japanese Alliance, one of whose objects is the principle of equal opportunity to all. ests of all parties in China and the principal of equal opportunity to all.

"Third, That in case of disturbances in the interior of China growing out of the unsettled state of affairs in the Far East, Japan, as a matter of course, would consult the United States before taking steps beyond boundaries of the territory of Kiao-Chow."

This last procedure, it was pointed out to Japan, follows in natural sequence the arrangement consummated at the time of the Boxer rebellion between Japan and the United States, whereby the armed forces of this government were allied with those of other nations in the march on Peking for the safeguarding of foreign legations and missions.

Baron Chinda, the Japanese ambassador, has assured the United States of the sincere intention of Japanese to restore Kiao-Chow to China. He is confident also that in case of trouble in the interior of China, the Tokio government would be glad to notify the American government of any contemplated measures.

The Japanese ambassador is in constant communication with his government at Tokio but has learned nothing of any reply from Germany to Saturday's ultimatum.

COL. M'CAIN NOMINATED.

To Succeed Adjutant General Andrews, to be Retired.

Washington, August 21. — President Wilson today nominated Col. Henry P. McCain to be adjutant general with the rank of brigadier general, vice Adjutant General George Andrews, to be retired.

General Andrews retires on account of age.

Colonel McCain has been adjutant general of the Philippine department for the last two years. He entered the Military Academy as a cadet in 18 . He served as assistant to Adjutant General Ainsworth several years.

HOPE OF PEACE IN SONORA.

Brought by Villa's Order to Cease Warlike Operations There.

Nogales, Sonora, Mex., Aug. 21. — An order fromm General Villa halting further warlike action by Governor Maytorena was the result of a declaration by Col. P. Elias Calles that he was willing to remain quiet if Maytorena would. Calles' troops are encamped 15 miles east of Nogales. Maytorena's are 30 miles south.

AMERICA USES THE BANK OF ENGLAND

To Get Gold to Her Citizens in That Country.

DEPOSITED BY FRIENDS

Arrangements Virtually Completed to Transfer to Americans in England Money Deposited by Their People.

Washington, Aug. 21.—Arrangements virtually were completed today by the National Board of Relief to transfer to Americans in England all funds deposited to their credit at the State and Treasury departments.

Negotiations by cable led to an announcement tonight that the Bank of England will make payments in gold to Americans with proper credentials. The payments will be drawn against deposits made with the branch bank in Canada. The board will deposit gold to cover the payments to be made in the Ottawa branch.

To date about $1,500,000 has been deposited in the Government departments here for Americans abroad.

The French government has notified the State Department that it will arrange to move all Americans now in Switzerland to French seaports. It is estimated there are 10,000 Americans in Switzerland and it was said their transfer to seaports has lightened one of the board's burdens.

To Aid Them on Arrival.

Secretary McAdoo today decided to deposit $5,000 with the assistant United States treasurer at New York to aid destitute Americans who reach that port from Europe. J. L. Wilmeth, chief clerk of the Treasury and its representative abroad in the relief work, has cabled that the situation is well in hand. Mr. Wilmeth, preparing to leave for Holland, placed $200,000 at the disposal of the American ambassador in London, and $100,000 with army paymasters in the reliefwork.

2,000 Americans in Italy.

Reports reaching the board indicate there are about 2,000 Americans in Italy, but that the Italio-American trans-Atlantic service probably will be resumed immediately. Americans in Germany now are able to get into Holland and thence to England. The American consul at Berne, Switzerland, cabled the State Department today as follows:

"Financial situation easier for cashing travelers' cheques and letters of credit. Owing to continuous change of residence of Americans and many departures for Italy and France and England, great difficulty is experienced in finding the person about whom inquiry has been made."

The American consul at Coburg, Germany, cabled that it is impossible to find many Americans about whom inquiry has been made, as most of them have left for North Germany.

All Safe in Germany.

The American consul general at Dresden reported that many Americans about whom inquiry has been made have never reached there.

PAYMENTS IN LONDON BEGIN.

Americans Receiving Money From Home After Careful Scrutiny.

London, Aug. 21.—Acting under orders from American Ambassador Page, Major Daniel W. Ketchum and others in charge of the distribution of funds deposited in Washington for Americans in Europe, began payment today.

Descriptions of persons to whom money is sent are cabled from the State Department in Washington. Applicants are required to furnish cablegrams and letters showing that money has been sent to them and these persons are questioned and scrutinized carefully.

Descriptions of persons all over Europe are being forwarded to the American embassy and arrangements will be made on the continent for all banks to pay tourists stranded in various cities.

Red Tape Cut.

Americans were much relieved by the announcement that Ambassador Page had cut the red tape and ordered money paid to them, as many needed cash to purchase passage on steamers sailing soon.

TRAINS FROM SWITZERLAND.

To be Operated Across France Twice Daily to Coast.

London, Aug. 21.—Arrangements have been completed for the dispatch twice daily of trains from Switzerland across France to the coast under diplomatic auspices. It is expected the service will commence next week and quickly repatriate 20,000 Americans and 8,000 English who are in that country.

FRENCH STEAMER SAILS TODAY.

Will Bring Nearly 1,000 Americans From Havre.

Paris, Aug. 21.—The steamer Espagne will leave Havre tomorrow taking nearly 1,000 Americans home. The steamship Rochambeau will leave August 29th, and the Flandre, which has been substituted for La Champagne, on August 31.

The French foreign office today gave American Ambassador Herrick assurance that when more ships are needed they would be requisitioned.

Washington, Aug. 21.—Warrants were issued by Speaker Clark late today for 43 members of the House before a quorum could be assembled to continue consideration of a war claim bill. Deputy sergeants-at-arms rounded up the absentees. Ten were located at the American League baseball park.

GOVERNMENT WAR RISK INSURANCE IS ASSURED

So it Seems, Since Senate Has Passed Bill to Create Bureau in Treasury Department to Cover Risks of Vessels of American Registry—$5,000,000 Appropriated.

Washington, Aug. 21.—Government war risk insurance for vessels of American registry during the European war seemed assured tonight after the Senate had passed the bill to create a bureau of insurance of war risks in the Treasury Department and appropriate $5,000,000 to cover losses. The measure passed the Senate after short debate and is expected to encounter no serious opposition when it is urged in the House tomorrow by Chairman Alexander, of the merchant marine committee.

The Senate changed the bill slightly. One amendment would make it mandatory upon the President to terminate the insurance bureau when necessity for it disappears. Another would provide that the rate of insurance for ships and cargoes should be made on the basis of the war risk of neutrals rather than of belligerents. Senator Lane's amendment to have the government insure officers and seamen of ships against risks of war was defeated, as was one by Senator Lewis to extend to crews of American merchant men the pension provision of the navy.

Senator Clark, chairman of the commerce committee, and Representative Alexander conferred again today over the proposed plan of the government to organize a corporation for the purchase of ships to aid in the restoration of foreign commerce.

For Purchase of Ships.

The suggestions for carrying out this idea have not yet been embodied into a bill, but Senator Clarke has in preparation a tentative draft which he may submit to the commerce committee tomorrow.

Representative Alexander also is preparing to submit the plan to his committee as soon as it is in tangible form.

Opposition to the plan is based on the belief thta private capital will come forth in sufficient amounts to take care of the shipping emergency. The Government plan, howver, is to be ready in case private capital fails.

IMPRESSIVE ARE SCENES IN ROME

Body of the Pope Borne into St. Peter's.

ABSOLUTION PERFORMD

It Is Decided That the Burial of the Pope Shall Be Absolutely Private—Touching Scenes in Mortuary Chamber.

Rome, August 21.—Borne by red uniformed members of the Sedaill, who when he was alive carried him in a Sedan chair, the body of Pope Pius X, dressed in pontifical robes and mitre and with the other emblems of his sacred office lying beside it, was taken today to the chapel of the Blessed Sacrament in St. Peter's, where the solemn rites of absolution were performed.

Thousands previously had visited the throne room where the body lay, to look on the face of the dead Pontiff and many wove themselves in the great procession from the throne room to the chapel. The procession was headed by the bearers of the massive silver pontifical cross, twenty cardinals and patriarchs, archbishops, bishops, priests and papal and court chamberlain and members of the Swiss noble and palatine guards in their multicolored uniforms. The scene was an impressive one.

Under the flare of the candles in the chapel could be seen the tear-dimmed eyes of prelate, priest, layman and papal guard. Especially affected were the bearers of the body of the Pope.

The burial of Pope Pius will be absolutely private. This was decided on today.

Moderaly Embalmed.

The body was embalmed today prior to its removal to the chapel for the ceremony of absolution. Instead of the antiquated method of removing the viscera and preserving it in a vase in the church of St. Vincent, near the Quirinal, a fluid which it is claimed will preserve the body perfectly was injected into the arteries.

The late Pope's only brother, Angelo Sarto, arrived in Rome today. From a handsome elderly person grief had changed him to a broken old man. Great affection existed between the brothers and when Angelo entered the mortuary chamber today and the dead Pontiff did not answer his customary greeting, he fell to his knees at the body sobbing aloud. There he knelt for an hour praying, the tears meanwhile streaming down his face and sobs convulsing his frame. Kindly hands finally lifted the sorrowful man and led him from the death chamber to the apartment of his sisters.

Mourning Throughout Rome.

Mourning throughout Rome continued today. All theatres, moving picture shows and other amusement places remained closed. Thousands gathered in St. Peter's Square last night and remained there, some in prayer, until broad daylight when a violent thunderstorm drove them away.

Will of the Pope.

The contents of the will of Pope Pius became known today. The testament is dated 1911 but has codicils made in successive years. To the members of his immediate family he leaves $20,000 which was presented to him some years ago, and $2,400 to his nephews. Both bequests are made subject to the approval of his successor. In the will is the following phrase:

Always Poor.

"I was born poor and lived poor and I wish to die poor."

Prince Chigi, hereditary marshal of the conclave, today because of his advanced years, requested Cardinal Della Volpe to obtain a substitute for him. The cardinal chose Prince Ludovico. The marshal of the conclave is entrusted with the protection of the cardinals during the conclave.

Vatican officials today expressed their appreciation of messages of condolences received from President Wilson and Secretary Bryan.

Cardinal Farley telegraphed the Vatican today that he was leaving Switzerland to attend the conclave.

The Marquis Di San Giuliano, the Italian foreign minister, has ordered representatives of Italy abroad to state that though nearly the whole of Europe is engaged in warfare the Catholics can elect a new Pope in peace.

Last Sacraments.

Speaking of the administration of the last sacraments to the pontiff, Dr. Marchiafava says:

"The patient received them with joy. He was tranquil and his intellect was so keen that to his secretary, Monsignor Bressan, who was overcome with emotion, the Pope prompted the words of absolution .The pontiff shed a few tears, while with his tired hand he slowly made the sign of the cross.

"His venerable white head rested on his pillow, his eyes were bright and his face bore the smile whic hlighted it throughout his life. He was an example of the most perfect call in the face of death."

ADD POPE.... ....

POPE'S DEATH SERENE.

His Physician Gives Description of the Last Hours.

Rome, Aug. 21.—The Corriere de Italia today published an interview concerning the Pope's last hours in which the pontiff's physician sets down some of his conversations with his patient, and dwells upon the effect of the European war news upon the Pope's death.

Dr. Marchiafava declares the Pope's condition became grave August 19th. On that day he was depressed, his pulse was rapid, and his temperature rose to 102 degrees. There was trepidation of the lungs, but mentally he was alert.

"He said to me," Dr. Marchiafava continued, "'Doctor, today I will get up and go to work.' On my vehement remonstrance he answered resignedly: 'All right, if you wish it, I will remain in bed, but I obey only out of regard for you, my good and old friend.'

"At half past ten the collapse occurred. Oxygen was administered and the patient was cupped. He revived, his vigor returned and Wednesday afternoon he seemed better. He began to speak again, 'Doctor, won't you give me some coffee and milk? Why don't you come near me?'

"These words deceived some of those present into hope, but soon the prostration returned. Replying to my question he said he felt better.

"But he rapidly grew worse until evening, when his temperature rose to 104 degrees. The albuminaria increased and the other symptoms also were grave, while the nephrytic complications indicated the patient could live only a few hours.

"Before midnight his consciousness had almost entirely disappeared. I put the crucifix in his hands. He muttered a few words slowly. He ardently kissed the little ivory crucifix. Once more he turned his dull glance around the room and then expired. Never have I seen a more serene death."

RECEIVED SECRET MESSAGE.

In Response Cardinal Gibbons Left Baltimore for Europe.

Baltimore, Aug. 22.—A secret message that caused Cardinal Gibbons to decide to start for Rome immediately was delivered to him at Spring Lake, N. J., Thursday. It came from the Apostolic delegates in Washington. The papal representative let it be known that he feared to trust the message by telegraph and called the cardinal's secretary on the telephone, gave the message in Latin and told him to deliver it to the cardinal by word of mouth. On receiving the message the cardinal made immediate arrangements to sail.

In some quarters it is believed the message referred to the coming conclave.

Carried Satchel of Gold Coin.

New York, Aug. 21.—Cardinal Gibbons was accompanied by his secretary, Father Stickney, who carried a satchel weighted down with gold coin with which to defray traveling expenses.

Before the war is concluded in Europe, Cardinal Gibbons said he thought that many of the nations would be glad to turn to the church to settle their differences. He considered it possible that the Sacred College would send a note to the European powers in an endeavor to bring about peace.

NEXT POPE AN ITALIAN.

So Thinks Cardinal Gibbons, Who Sails for Europe.

New York, Aug. 21.—The next Pope will be an Italian, in the opinion of Cardinal Gibbons, of Baltimore, who sailed tonight on the White Star liner Canopic with Cardinal O'Connell, of Boston, to participate in the conclave at Rome, which will name the successor to Pope Pius X.

Cardinal Gibbons said he based his opinion on the fact that there was a predominance of Italian representation in the Sacred College. He thought the time had not yet arrived for the election to the papacy of a cardinal of any other nationality. Some time in the future, however, he thought a cardinal of American birth might be elevated to the Vatican.

Dispatches from Switzerland today announced that the third American cardinal, John Farley, of this city, expected to leave soon for Rome. He has been abroad some time.

RULES FOR APPEALS FROM DECISION OF COMMITTEE.

In Locating the Twelve Federal Reserve Banks.

Washington, Aug. 21.—Rules were laid down today by the Federal Reserve Board for appeals from Reserve Bank organization committee decisions in selecting 12 cities for reserve banks. Baltimore, New Orleans, Pittsburg and Omaha bankers have expressed dissatisfaction with the committee's selections and formal appeals are expected from bankers in these cities.

Under the rules there will be no testimony taken. Petitions may be filed when signed by proper officers of a majority of member banks in the city asking for a hearing. These petitions must be followed by briefs. All member banks in the city concerned are to be notified of such action and opportunity to file a brief in answer given. Oral arguments by counsel will be allowed.

Where banks seek a change in the geographical limits of the reserve districts, petitions must be signed by officers of at least two-thirds of the member banks in the territory the petition asks to take out of one district and have annexed to another.

EUGENE SCALES, COTTON OPERATOR, A BANKRUPT.

Failure Due to Conditions Caused by the European War.

New York, Aug. 21.—Eugene Scales, the cotton operator, today filed a voluntary petition in bankruptcy giving liabilities at $228,585 and assets of $200,250.

With James A. Patten, of Chicago, and others, Scales was indicted by the Federal grand jury in 1912 in connection with a conspiracy to corner the raw cotton crop of 1910. After long litigation the defendants were fined $4,000 each.

Scales recently had been conducting his operations alone on the bull side. To the sensational decline in cotton price following the opening of the European war, is attributed his bankruptcy. Much of his trading was done through the firm of S. H. P. Pell & Company, which failed the morning the New York Cotton Exchange suspended operations.

According to William W. Blatchford, Jr., Scales' attorney, it was found necessary to file the petition in bankruptcy because of the tangled condition of Scales' accounts, brought about by the Pell failure.

JUSTICE LURTON'S ESTATE GOES SOLELY TO HIS WIFE.

"Testimony Paper" Written 16 Years Ago Is Filed.

Washington, August 21.—A "testamentary paper" written 16 years ago by the late Associate Justice Lurton, of the Supreme court, was presented today to the register of wills. The document bequeaths all of the late justice's estate, real and personal, to his wife, Fannie Owen Lurton, and names her as sole executrix. It was said a petition probably would be filed with the district court, asking that the document be declared a valid will.

The paper, written in the form of a will, made no mention of the value of the justice's estate. He owned a residence and various other property in Washington.

LONG DEBATE IN SENATE.

Over the Clayton Anti-Trust Bill and Amendments.

Washington, Aug. 21.—Debate over eliminating from the Clayton anti-trust bill prohibitions against discriminations and "tying" contracts similar to provisions in the pending trade commission bill, occupied the Senate's time today without a vote being taken.

Senator Reed, of Missouri, in a three hour speech urged the Senate to reconsider its action in striking the sections out of the Clayton bill. He said the trade commission measure might never become a law and the sections were too important to be sacrificed.

SAVE THE COTTON CROP AND WAIT FOR RESULTS

Farmers Urged Not to Leave it in the Fields.

Mr. A. W. McLean Says Conditions Will Improve and Everything Will Work Out Satisfactory to All Concerned.

Raleigh, N. C., Aug. 21.—Mr. A. W. McLean, of Lumberton, was in the city last night and as he is one of the largest cotton growers of Robeson county, naturally would be interested in talking cotton at this time, says The News and Observer today.

In addition to his farming interests, Mr. McLean is president of the Bank of Lumberton and is also well known in Democratic circles of the State, in fact, he is spoken of rather frequently as being a candidate before the State Democratic convention for the nomination of Governor two years hence.

Cause of Depression.

"My opinion that the depression in the cotton market," said Mr. McLean, "is due almost entirely to the interruption of ocean transportation caused by the European war. I believe were it not for these unusual conditions that cotton would be bringing at most 12 cents and perhaps 14 cents a pound, for the reason that the crop in Texas, Mississippi and other Southern States is short, and except for the war there would have been a strong demand; not only by American mills, but foreign mills as well.

"These conditions are due to a sudden and unexpected world calamity which no human foresight or business sagacity could have foreseen.

Must be Patient.

"One of the most important things at the present time is for our people to have patience and exercise forbearance toward those who may be temporarily unable to meet their obligations promptly on account of the condition of the cotton market at the present time. If it is possible the situation should be handled in such a way that the individual farmers that produce the cotton can secure a fair price for it. This can only be done by holding the cotton from the market until normal conditions and export facilities can be established. This will probably take 60 days.

"I raise, of course, a good deal of cotton myself and am directly interested in the present conditions.

"I believe that we should gather and store our cotton in warehouses where it can be fully insured and where cash advances can be secured on it as soon as the new Federal reserve banking system is in thorough working order.

Funds Can be Secured.

"In the meantime it is practically certain that sufficient cash advances can be secured to pay for gathering and other expenses incident to harvesting and marketing the crop.

"These conditions cannot be properly met unless the merchants and fertilizer people indulge the farmer, and this in turn can only be done by them in case their creditors will be patient with them.

"Of course the cotton can be forced on the market under the present conditions and the farmer will lose a large part of its actual value and in the meantime its debt-paying power will be greatly reduced.

"Every one who has studied present conditions knows that it is only temporary and all we need is time to provide ships to export our cotton.

"A very great mistake will be made if the farmers allow their cotton to remain in the fields where it will be exposed to and injured by the weather.

Robeson Has Splendid Crop.

"We have a splendid crop of cotton in Robeson county and I believe that our farmers are inclined to hold their cotton for at least 60 to 90 days.

"It will be an easy matter to provide temporary warehouses for the storage of the cotton and I think it would be a wise thing if those interested in the various cotton markets would provide temporary warehouses where present warehouse facilities are now inadequate, and this should be done at a nominal charge and at actual cost to pay for storage and insurance."

Can Hold Tobacco.

"I see no reason," said Mr. McLean, "why the tobacco farmers should not hold their tobacco also for the present. Many of them have pack houses and those who have no such houses can easily provide some temporary building that can be used for such a purpose.

"I believe the whole crop situation will work out satisfactorily to our people and that they will display a spirit of patient co-operation in taking care of our two principal crops for the next month or so."

GOTHAM DARK AS NIGHT.

Struck by One of Most Severe Electrical Storms in History.

New York, August 21.—For nearly half an hour late today New York was as dark as at night, while it was visited by one of the most severe electrical storms in its history. One death, a panic among 2,000 bathers in a pavilion struck by lightning and injury to seven persons caught in the path of a Broadway runaway, sums up the known casualties.

New York, Conn., August 21.—Two persons were killed, two perhaps fatally injured and much property damage was done by a storm that swept over the greater part of Connecticut late today.

"PEACE DAY" FIRST SUNDAY IN SEPTEMBER.

Resolution Mailed from Montreat All Over the South.

Asheville, N. C., Aug. 21.—Copies of the resolution declaring in favor of the first Sunday in September as "Peace Day" were mailed from Montreat today to all the leading denominations in the South with a request that the day be so observed.

The Presbyterian conference assembled at Montreat today heard Dr. Howard Agnew Johnston, of Stamford, Conn., in the third of his sermons on "Realizing God." At the morning session S. D. Gordan delivered another lecture on the "Life of Jesus." A strong programme is being arranged for Sunday.

WAREHOUSE RECEIPTS SECURITY FOR LOANS

Feasibility to be Investigated by St. Louis Committee.

Business Men's League Taking Steps to Protect the Cotton Crop Against War Conditions—The Opinion of a Banker.

St. Louis, Aug. 21.—The feasibility of accepting cotton warehouse certificates as security for bank loans will be investigated by a committee appointed at a meeting of the St. Louis Business Men's League today.

The meeting was called to discuss means of protecting the cotton crop while the export market is curtailed, as a result of the war.

Festus J. Wade, president of the St. Louis clearing house association, said that as a normal price of $50 a bale the cost of carrying the surplus of three million bales would be $150,000,000. He said that $105,000,000 is available to the banks under the Aldrich-Vreeland law and that all that was necessary to insure returns on the three million bales would be strict regulation of warehouse certificates, preferably by local business organizations.

Mr. Wade said St. Louis is prepared to issue warehouse certificates for 250,000 bales.

WAR BULLETINS

London, Aug. 22.—The Daily Mail's Ostend correspondent telegraphing Friday evening at 6 o'clock says: "The Germans are overrunning Northern Belgium. They are now believed to be within striking distance of Ostend. Fifty thousand Germans marched through Brussels and are now in Ghent."

Geneva, Switzerland, Aug. 18, (delayed, by way of Paris, Aug. 21.—Two children of the late Archduke of Austria arrived today at Borschai, Switzerland, on Lake Geneva. The children will not believe their parents were assassinated.

London, Aug. 22.—The Antwerp correspondent of Reuter's Telegram Company, in a dispatch dated Friday, says: "I learned from a reliable source that German cavalry patrols appeared today at Malines, 13 miles southeast of Antwerp, where there was a skirmish. Our troops in armed automobiles took ten German prisoners."

London, Aug. 21.—A dispatch to the Daily Express from Ostend, Belgium, says that on Friday an encounter occurred between the allies' troops and the Germans at a spot probably southwest of Brussels. The result was favorable to the allies. German Uhlans have been seen at Waterloo.

Rome (via Paris, 4 P. M.), August 21.—The Italian ambassadors to Great Britain, France, Russia, Austria and Germany today conferred with Marquis Di San Guiliano, the Italian foreign minister.

Paris (9:25 A. M.), August 21.—A dispatch to the Havas Agency from Havre says a company of injured French soldiers arrived there today. They are being cared for in Red Cross establishments.

London (8:50 P. M.), August 21.—Great Britain has decided to make a loan to Belgium of 10,000,000 sterling ($50,000,000). The money will be raised by treasury bills, for which tenders were called today.

London (7:35 P. M.), August 21.—The Central News correspondent in Rome says an official despatch from St. Petersburg asserts that a Russian army composed of twenty army corps will carry out the invasion of Prussia under the direction of Grand Duke Nicholas.

Paris (3:21 P. M.), August 21.—A French official note says: A French dirigible last night threw a number of projectiles upon two German cavalry camps in Belgium, causing great excitement. Despite the fire of the enemy the air craft returned safely to the French lines.

Barcelona, Spain via Paris, 3:20 P. M.), August 21.—The Spanish steamship Infanta Isabel will leave here August 23 for the United States with several hundred Americans aboard. Many others still are in Madrid awaiting American transports.

Paris (11 P. M.), August 21.—An official statement issued tonight says: "Namur is partially invested. Heavy artillery fire opened toward noon. The westward movement of the German columns continues on both banks of the Meuse outside the range of action at Namur."

OREGON'S MINIMUM WAGE LAW FOR WOMEN ENDORSED

By Representatives of All Classes Affected by It.

Portland, Ore., Aug. 21.—Oregon's minimum wage law for women, which went into effect last Fall, was endorsed by witnesses representing all elements affected by it, before the Federal Industrial Relations Committee here today. H. F. Woodward, representing employers, said he thought the Federal government should pass a similar measure.

Passage of the law was obtained on the argument that women were entitled to better living conditions, the Rev. Edwin V. O'Hara, chairman of the State Industrial Welfare Committee, testified:

"We did not suggest morality because we thought it had nothing to do with the wage question and also because such a suggestion would have been an insult to our women workers," he said.

C. E. S. Wood, counsel for local unions, evoked cheering by his declaration that he was an anarchist. He suggested as a remedy for social unrest making land titles the same as water, and reducing the working day to four hours.

DIED.

PEARSALL—At his home on Grace street, at 4:00 P. M. Friday, August 21st, 1914, NIXON PEARSALL (colored), aged 71 years.

Funeral from the late residence this (Saturday) afternoon at 3 o'clock.

REVOLUTION IS OVER IN DOMINICAN REPUBLIC

Peace Plans Agreed Upon by the Warring Factions.

President Wilson's Plans Supported by Guns of American Warships and a Regiment of Marines—No Further Trouble.

Washington, August 21. — Peace supported by the guns of American warships and a regiment of marines, have been agreed upon by the warring factions in the Dominican Republic. News of the success of the special peace commission sent to the island by President Wilson came today to the State Department and to the Dominican legation, though no details of the agreement were announced.

It is understood a provisional president will be named to succeed President Bordas.

President Wilson sent the peace commissioners, John Franklin Fort, former Governor of New Jersey; Charles Smith, of Portsmouth, N. H., and Minister Sullivan, after strong intimations had been given both the Dominican and Haitien governments that unless order was restored on the island the United States would do some police work.

At the same time the transport Hancock with a full regiment of marines aboard, was despatched to Dominican waters to join the half dozen warships already on guard there. At Puerto Plata the commissioners heard General Bordas' side and also conferred with revolutionary chiefs, including Generals Vasquez and Jiminez. The latter accompanied them to San Domingo City, where General Vidal, a leader of the Southern Revolutionists, joined in the parleys.

Minister Soler, as he left the State Department today, said:

"The revolution is over, peace has been accomplished and the country has accepted President Wilson's plan without further bloodshed."

GERMANS APPARENTLY INTEND TO OVERRUN ALL NORTH BELGIUM

(Continued from Page One.)

Berlin, the reply may be delayed until a few moments before noon Sunday, Berlin time.

AGAINST NAMUR NEXT.

Believed to be the Germans' Next Movement, Says Correspondent.

London, Aug. 21.—The Daily Telegraph's correspondent at Givet, Belgium, who has been traversing the French advanced posts in the Meuse river valley, says he expects the next determined effort by the Germans will be against Namur and nearby places, where, he says the Germans are mobilised for a slashing effort to plunge their great army into France. An army corps now on the way from Rochefort, the correspondent thinks, will be hurled squarely against the French frontier.

"The Germans," the correspondent continues, "already have made tentative assaults at every point along the Meuse wherever its crossing is feasible. This war is no child's play. Solemnly I warn the English that this is only the beginning of a time of great trial.

"The English army, I think, eventually must accept the heaviest burden of the fighting. We have a handful of men here on the fighting line, but more must come and many lives must be sacrificed to dam this engulfing flood. I guarantee that the battle for the mastery of France may begin tomorrow."

GERMAN ENTRY INTO BRUSSELS.

Described by Correspondent of London Daily Telegraph.

London, Aug. 22.—The Daily Telegraph's Brussels correspondent, en route to the frontier, has sent the following account of the German entry into Brussels:

"By 7 o'clock in the morning the city was surrounded by German cavalry which systematically seized the railway and telegraph offices and posted pickets at the cross roads. When this envelopment was completed a full German army corps marched through Brussels.

"The first troops to enter the city were the famous Black Brunswick Hussars, wearing the well known death's head badge.

"Their horses were exhausted. Then came a phalanx of German infantry which took possession of the Brussels barracks and heights. Regiment after regiment quietly piled their arms, looking rather weary, but determined and fit. They behaved in an exemplary manner."

ALLEGED GERMAN LOSSES.

Summarized by Paris Paper—Many Cannons Are Taken.

London, Aug. 21.—10:21 P. M.—In a dispatch from Paris the Exchange Telegraph Company's correspondent sends the following summary of alleged German losses as printed in the Paris Matin:

"Twenty-four cannon taken by the Belgians from the third to the fifth of August at Liege.

"Three cannon taken by the French at Margennes, August 11.

"Six cannon taken by the French at Othain, near Spincourt, August 12.

"Twelve cannon taken by the French near Schirmeck, Alsace, August 12.

"Twenty-four cannon taken by the Russians at Sallapohenen, East Prussia, August 17th.

"Twelve cannon taken by the Russians at Gumbinnen, East Prussia, August 17th.

"Besides these pieces of field artillery a number of pieces of heavy artillery, rapid fire guns, aeroplanes and 19 motor wagons were captured."

AMERICAN GOVERNMENT PRAISED

By English Paper for Opposing Floating a Loan for France.

London (11 P. M.), August 21.—The Economist, referring to the opposition of the American government to allowing New York bankers to float a French loan, says:

"The United States government has done honor to itself and a service to the world by maintaining neutrality in its strictest sense and refusing to allow its bankers to take profit by prolonging the carnage in Europe."

The newspaper points out that if a French loan had been permitted a German loan also must have been permitted and that the effect would have been to prolong war.

ST. PAUL'S CROWDED

By Sorrowful Worshippers Downcast Because of the War.

London (8 P. M.), August 21.—St. Paul's Cathedral, in the heart of London, was crowded all day and tonight by sorrowful worshippers, downcast because of the war. Generally recognized as the nation's church, it was filled to capacity by citizens praying for the soldiers and sailors who are engaged in the conflict.

Services began at seven o'clock this morning. Signs bearing the words "church full" were posted early and thousands of persons gathered in the street waitin gan opportunity to enter.

Many soldiers in uniform were among the worshippers. Tonight the Lord Mayor of London attended the services with a large detachment of soldiers.

JAPAN IMPOSES CENSORSHIP.

Evidenced by Honolulu Newspapers, Received at Frisco.

San Francisco, Cal., August 21. — Evidence that Japan is imposing a rigid censorship on dispatches leaving the empire is contained in Honolulu newspapers at hand today.

Under date of August 12th the Honolulu Star-Bulletin prints notice that queries addressed to its correspondent in Tokio remained unanswered and that the Japanese newspapers published in Honolulu have been informed that news relating to the Hawaiian islands was permitted to leave Tokio, but that nothing touching on the relations between Japan and the United States might be dispatched.

BLOODY BATTLE AT LORRAINE

After Which the Town is Evacuated by Belgians.

London (3:05 A. M.) August 22.—The Daily Mail's correspondent at Alost, Belgium, 15 miles northwest of Brussels, in a dispatch dated Thursday, says:

The Belgians evacuated Lorraine on Wednesday night after a bloody battle in which they admit their loss were enormous. They fought against great odds and were driven back.

The Daily Mail's Antwerp correspondent, Colonel Fairholme, military attache of the British legation, says the situation of the allies is entirely favorable. He declares the Germans have lost ten days on their programme while the allies have carried out their programme without delay.

CONTINUE TO PASS MEUSE.

German Forces Forming Important Concentration in Belgium.

Paris, August 21.—2:55 P. M.—Official news made public in Paris today says that the German forces continue to pass the Meuse in the vicinity of Huy, and that an important concentration is being carried out in Belgium this (Friday) morning. No French territory is occupied by the enemy except a piece of enclosed land at Audun-le-Ronan, in the Department of Meurthe-et-Moselle.

FRENCH SUCCESSES REPORTED.

Have Captured 91 German Field Guns and 19 Automobiles.

Paris, August 21.—4:40 P. M.—The Matin says the French have captured thus far 91 German field guns, four flags and 19 automobiles.

Lieut. Col. Rousset, a retired military critic of excellent reputation, says the great battle has begun along a front of nearly 250 miles, in which 500,000 men are taking part.

ROBBED DEAD ON BATTLEFIELD.

Eighty-Three German Prisoners Are so Accused.

Paris, Aug. 21.—Eighty-three German prisoners, accused of robbing the dead on the field of battle, arrived today at Clermont Ferrand, capital of the department of Puy de Dome, where the police had great difficulty in restraining the population from attacking them.

When arrested near Muelhausen, many jewels, a number of wedding rings and large sums of money were found on the Germans. It is alleged these valuables were stolen from the bodies of officers and soldiers.

ITALY ASKS FOR EXPLANATION.

Why Austria Landed Shipment of Arms at Albanian Port.

London, August 21.—1:30 P. M.—The Rome correspondent of the Exchange Telegraph company says:

"Italy has asked for a friendly explanation from Austria regarding the landing of a large shipment of Austrian arms at Medua, an Albanian sea port, August 15th. The Servian minister, who protested to Italy, charged the Austrians were arming the Albanians against Servia."

NEW MOBILIZATION ORDER.

Austrian Reservists Must Quit Work of Harvest to Fight.

London, Aug. 21.—7:57 P. M.—In a dispatch from Amsterdam the Reuters Telegraph Company correspondent transmits an official communication from Vienna, saying that a new mobilization order calls all the reservists of the first class, now at work harvesting, as well as the reservists of the second class, and the men in the Landstrum, to the colors for August 24th.

FRENCH DEFEAT GERMANS.

Five Hundred Dead As Result of Skirmish Near Basel.

London (5:55 P. M.), August 21.—The Central News has received a dispatch from Paris saying the French forces defeated a detachment of German cavalry coming from Leopaldshoehe and Hueningen, in an engagement near Basel.

The Germans retired in the direction of St. Louis, leaving 500 dead and wounded on the field. They lost most of their horses.

LAYS DOWN CONDITIONS.

French Writer Asked to Write Story for War Bulletin.

Paris, August 21.—Minister of War Messimy today asked George Desparbes, noted French novelist now in his sixtieth year, if he would write a story for the Army Bulletin.

"I will give you a story," Mr. Desparbes replied, "if you will give me back my corporal's stripes and send me to the front."

The minister of war objected and said it was impossible.

AMERICAN FROM LIEGE.

Vice Consul Arrives in London—No Definite News.

London (7:40 P. M.), August 21.—Victor H. Duras, American vice consul at Liege, Belgium, reached London today. He left Liege last Friday to make a report at Brussels to Brand Whitlock, American minister to Belgium. After concluding his mission at Brussels, the vice consul was unable to re-enter Liege.

Mr. Duras today said he did not know whether Liege had capitulated. He said all sorts of rumors were in circulation in Holland, but that there was no definite information as to conditions in Liege.

COMMUNICATION TO GERMANY PLANNED

Sayville, L. I., German Wireless Station to be Used.

UNDER U. S. CENSORSHIP

Plan of President Wilson and Secretary Bryan Would Place No American Censorship on Cables—Insure Neutrality.

Washington, August 21.—President Wilson and Secretary Bryan virtually have decided to what extent the United States government shall endeavor to enforce neutrality at cable offices and wireless stations in the jurisdiction of this country. No censorship on cables and modification of the present strict supervision of wireless is contemplated in a plan that will be submitted tomorrow by Secretary Bryan to Haniel von Haim Hausen, German charge d'affaires. Should the German government approve the new suggestion, it will be promptly put into effect.

The plan would permit the sending of code messages at the Sayville, L. I., wireless station by the German government or any other government but an American naval officer would be retained in charge to prohibit unneutral messages.

Since the order prohibiting code messages of all kinds from leaving the coast wireless stations, the German government has lost its cable to the United States. It has found itself isolated from the world and protested against the embargo. In wrestling with the question, officials and international lawyers have been trying to find a solution that would give Germany a means of communication of a parity with England which has had uninterrupted cable communication from the United States.

At first it was contended and virtually decided that the American government should apply equal censorship on cables and wireless. The point was debated in Cabinet Council, however, and the conclusion was reached that the cable did not stand in the same relation as the wireless. It was realized, however, that to censor cables would mean a stupendous undertaking and could not interfere with England's cable communication through Canada. England protested also against a possible censoring of the cable, claiming that Germany could cut the cables at sea. It finally was determined that the United States protect itself against the unneutral use of wireless stations as there was no physical means for belligerents to interfere with wireless messages when once sent from a neutral station.

It was learned tonight that the new plan would affect only the Sayville station, which is German owned. The other powerful station at Tuckerton, N. J., is not operating because it was discovered that it had no license from this government in accordance with commercial regulations.

TEXAS IS AWAKENING

To the Value of Latin-American Commerce—Some Figures Given.

(Special Star Correspondence.)

Galveston, Texas, August 21.—Texas is awakening to the value of Latin-American commerce. An analysis of the port records of Galveston for the fiscal year ending June 30, 1914, shows that the export and import business of the Southwest done with Latin-America through the port of Galveston during those twelve months totaled $15,766,619. This is a gain of $6,380,923 over the record of the fiscal years 1912-13.

Despite internal warfare in Mexico, imports and exports between Galveston and Mexican ports during the past fiscal year totaled $8,350,586, an increase of $1,712,051 over Mexican business of the previous year.

Cattle, bananas and valuable woods fro mMexico, grain from the Argentine, sugar from Cuba and bananas from Central America formed the bulk of imports from Latin-America through Galveston.

Packing house products such as hams, bacon and lard, with the addition of breadstuffs, lumber and machinery, formed the greater portion of Southwestern exports to Latin-America.

Even greater opportunities now await American business men in territory south of the Rio Grande, owing to the disruption of European commerce brought on by the general war, Director General John Barrett, of the Pan-American Union, in a special bulletin presents the necessity for the United States to supply the merchandise that is annually imported by Latin-America to the value of nearly $200,000,000.

CONDITION IS CRITICAL.

Bishop Strange Seriously Ill at Home in This City.

The condition of Rt. Rev. Robert Strange, bishop of the diocese of East Carolina, who has been ill since last winter, is regarded as critical. Early this morning little change was reported and his illness was such as to justify grave apprehension. For the past three days he has been very ill.

Bishop Strange is greatly beloved in Wilmington and throughout the State and his many friends will be deeply pained to learn of his critical condition.

NAVAL STORES MEN QUIT.

South Atlantic Operators Decide to Cease Operations.

Savannah, Ga., August 21.—South Atlantic naval stores factors meeting here today, decided that immediate cessation of operations is necessary to protect the industry as a result of the European war conditions. Produces throughout the Southeast will be notified of this decision with a request that they cease operations.

RALPH DE PALMA WINS ELGIN ROAD RACE

Doing The 301 Miles in 4:05: 10 1-10

Hard Pressed by Gill Anderson, Who Lost by Forty-Four Seconds—Mulford and Oldfield, Third and Fourth.

Elgin, Ill., Aug. 21.—Ralph de Palma, hard pressed by Gil. Anderson, won the Cobe cup automobile race today, finishing the 305 miles in 4:05.001, average of 73.6 miles an hour.

Anderson finished 44 seconds later, followed by Mulford in 4:08.16 and Oldfield in 4:15.23.

Only nine of the 22 drivers who started finished.

Spencer Wishart took the pace early and led without accident until the 21st lap when he blew a tire. DePalma might have taken the lead then, but for a similar accident. With a seemingly safe lead in the 26th lap, Wishart's fuel tank started to leak and finally forced him from the race.

Anderson had crept up on the leaders and shortly after Wishart's accident, passed DePalma. From then on it was a drivers' race. Anderson could not get the lead from his opponent but his hard drive forced DePalma into a race that lowered records for many laps.

Big Games Today At Sunset Park

BOYS' BRIGADE AND Y. M. C. A. W. L. I. AND THE GIANTS.

Although the continent-wide carnage that is raging in Europe has temporarily eclipsed the hectic combat between the Giants and the other organizations in the City League, the scrap is still going on. The diamond strife may have been forced off the sporting extras, but the bits of strategy which used to call for the box-car type are still being planned and executed, wrangling continues, spectacular plays are being pulled off and sensational stunts are still in evidence at Sunset Park.

Those Giants are closing up the City League race so fast that it is becoming a humdinger and the other teams are trying to enthuse their players with the same brand of snap and ginger that has characterized the playing of the Giants during the last month and a half.

This afternoon at 3 o'clock the Y. M. C. A. and the Boys' Brigade will clinch in the third from the last game at the park for the season, only two more bargain-day Saturdays after today before the close of the season, and some spectacular stunts may confidently be expected. Happy Lewis waxes eloquent over the prospects for the Association to win the flag. He says someone is bound to crack before the season ends. "Skeet" Emerson, while he is making no vain boasts, is confident that he will considerably boost the standing of the Brigade before the book-balancing time. So, it will be a game for blood this afternoon at 3 o'clock.

At 5 P. M. the W. L. I. will go up against the league leading Giants, in an effort to punch a hole in their much-inflated balloon full of pennant dreams. Houston says it is possible that the Giants will win, but that they will deserve it if they defeat the Infantry team this afternoon, while Davis, of the Giants, is resting serene in his confidence in the Giants who compose his hopes.

So this afternoon promises to give some real inside dope on the pennant winner, and should be witnessed by a capacity crowd. Local fandom will be interested in learning that a series of three games will be played at Sunset Park between the winners of the City League and that of the Independent League. The Independents have been boasting of their ability to put up the superior class of ball, and they will be given an opportunity to prove it in these post-season games.

How They Stand

Indianapolis, Aug. 21.—Indianapolis won two games from Brooklyn and went into the lead in the Federal League race today.

Brooklyn .....020 000 000—2 11 1
Indianapolis .....000 040 00x—4 11 3
Maxwell and Land; Mosely and Raiden.

Second game:
Brooklyn .....200 010 010—4 11 3
Indianapolis .....010 002 51x—9 14 2
LaFitte, Bluejacket and Land and Watson; Kaiserling and Rariden.

BUFFALO FEDERALS WON BY TIGHT PITCHING.

Chicago, Aug. 21.—Tight pitching by Schultz gave Buffalo today's game over Chicago 4 to 2.

Buffalo .....021 000 001—4 9 1
Chicago .....200 000 000—2 4 3
Schultz and Blair; Lange, Prendergast, Watson and Block.

WALTER HAGEN WINS GOLF CHAMPIONSHIP

Displaces Francis Ouimet As American Champion

Twenty-two-year Old Local Player Won American Open Championship With Honors—Ouimet Gracefully Accepts.

Chicago, August 21.—Walter C. Hagen, 22 years old, native professional of Rochester, N. Y., today displaced Francis Ouimet as open golf champion of America by winning the tournament at Midlothian with a medal score of 290 for the 72 holes.

Ouimet fell off in his play, taking 298 for his total, and Charles Evans, Jr., Western amateur champion, hampered by a wrenched right ankle, furnished Hagen's chief opposition. Outplaying the whole field in a spectacular finish that electrified the gallery, Evans made two rounds of 71 and 70 and finished with 291.

Best Double Score.

Evans' score of 141 for today was the best double round of the tournament. His ankle seemed to both his putting more than his long work and irons. His tee shots spanned some 300 yards of the fairway almost every time. His irons were nearly all perfect, but in the last nine holes he missed three short putts and had no luck with long ones. He finally drove to the edge of the 18th green, 277 yards, and had left one putt for a half with Hagen.

The spectators stood on tip toe while the Chicagoan nitied the thirty-foot putt. He missed by 12 inches and the championship went to Hagen.

Ouimet Loses With Grace.

Ouimet lost the title with graceful equanimity. He had no fault to find, he said. He won the title last year at Brookline, tying with Harry Vardon and Edward Ray, British professionals, at 304. In the play-off Ouimet made 72 to Vardon's 77 and Ray's 78.

Hagen's victory was accomplished by steady playing. Yesterday he made a record of 68 of the course. He led the field at the end of the first day with 142. Today he took 75 for the first round and 73 for the second. The best of his game came on the last nine holes where holing putt after putt, he made 35, two under par.

First Big Record.

The ne wchampion learned his gilf in Rochester and had not made any record outside his native city until the present tournament.

He is slight in build, but follows Vardon's system of shooting straight for the flag all the time.

Tom McNamara, of Boston, who had played the most consistent golf of the meet, scoring 72, 71 and 76 for the first three rounds besides 145 in the elimination, fell off badly this afternoon, taking 83 for the last round and finishing out of the money with 302.

George Sargent, of Chevy Chase, champion in 1909, when he scored 290 at Englewood, tied with Fred McLeod, of Washington, D. C., for third place.

M. J. Brady, of Woolaston, and James Donaldson, of Glenview Club, Chicago, tied with Ouimet for fourth prize. Luis Tellier, Canoe Brook Club, Summitt, N. J., formerly open champion of France, was fifth best with 299, while J. J. McDermitt, of Atlantic City, twice champion, and Arthur Smith, Columbus, Ohio, closed the list of prize winners with 300 each.

A new amateur expert, William Rautenbush, of Chicago, scored 301, just outside the ten prize winners. He learned his golf on a nine-hole public link that has no bunkers. The next best amateur was Warren K. Wood, formerly Western champion, who scored 305.

J. C. Green, Hot Springs, Va., showed a total of 322.

FANITORIALS

On paper the Braves do not look impressive, but on the ball field they have been accomplishing deeds of daring and have rushed their adversaries off their pins. Pray, tell us, where has there ever been a club in the National League that has made such a record as Stallings' team in its climb from the cellar to a near-first? In just 23 days they hurdled that gap. They jumped from eighth to fourth in four days. Here's some of the facts they have accomplished:

Shut out their opponents nine times.
Won five games by score of 1 to 0.
Won five games in the ninth inning.
Won five games in extra innings.

It was bound to come. The sound of the hammer bouncing off the already battered head of Frank Chance is coming from New York, where last year he was hailed as the most peerless of all peerless leaders. Just a few days ago one New York writer indicted a column roast of Chance, which he began in this way: "As a baseball manager Frank Chance has been greatly overrated," and ending with these words: "If a team were recruited from the best men that Chance has placed the N. G. stamp upon, that team probably would give the Athletics a fight all the way, and it would be perfectly able at all times to wallop Chance's regular team at least seven times in every ten attempts."

One of the newest and most novel things sprung lately is that separate batting averages should be kept for right-hand and left-hand batters, on the theory that left-hand hitters have such an advantage it is unfair to the right-handers to be ocmpared with them.

TIMOTHY BRINN COMES BACK.

Kinston Negro, Now Famous Musician, Returns After 19 Years.

(Special Star Correspondence.)

Kinston, N. C., Aug. 21.—Timothy Brinn, who forfeited a bond and left this, his native town, 19 years ago, is back again after having achieved more fame possibly than any other citizen who ever left Kinston. Brinn is the country's foremost negro composer. The pompous, sleek individual who came to be at the bedside of a very ill father is as much a Southern darkey as was the stripling who left his native heath nearly two decades ago.

Brinn "took up" in New York, where he was a Pullman porter for a time. He then drifted into music, and displayed such talent that by some means or another he got to Berlin, where he received the best tutoring obtainable. In 1902 and 1903 one of his compositions, a rag with the title "Josephine, My Jo", was the sweep of the country. Brinn has written many pieces which have had national and international circulation.

JOHN T. BENBOW TO OPPOSE MAJOR STEDMAN FOR CONGRESS

Nominated by Republicans of Fifth District in Convention.

(Special Star Telegram.)

Greensboro, N. C., Aug. 21.—John T. Benbow, of Winston, was this afternoon nominated by the Fifth district Republican Congressional convention to oppose Major Stedman. No mention was made of fusion with Progressives who have already nominated Martin Douglas.

Benbow defeated Samuel E. Marshall by 106 to 74 votes. Durham, Orange and Surry gave Marshall their county vote, and several counties split.

Feeling at times ran high. Marshall declared he had been cheated out of the nomination by adjournment Wednesday.

WILMINGTON, N. C.

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY, INC., Wilmington, N. C.

Entered as second class matter at the postoffice at Wilmington, N. C., under Act of Congress March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily and mailed to subscribers outside the city at $6 per year; $3 for six months; $1.50 for three months; or served by carrier in the city at 60c. per month, or, when paid in advance, $7.00 per year; $3.50 for six months; $1.75 for three months.

THE SUNDAY STAR by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate and like matter will be charged at the rate of 10 cents per line, to persons carrying a regular account, or, if paid cash in advance a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, excursions, society meetings, policital meetings, etc., will be charged under the same conditions, except so much thereof as may be of news value to the readers of the paper, in the discretion of the editors.

TELEPHONES: Business Office, No. 61. Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and, if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

ALL DRAFTS, checks, express money orders and postal money orders for the paper should be made payable and all communications should be addressed to

THE WILMINGTON STAR CO.

SATURDAY, AUGUST 22, 1914.

One of the sidelights of the war is "yaller."

The dreadnaughts seem to be floating around consuming coal.

Who will be the big smoke of the gigantic European contest?

All the nations were prepared for war because they expected to take a hand in it.

Probably John Lind's example is being followed by the Big Ikes of war in Europe.

Being on the defensive looks like the best part of war to a man who wants to take the least risk.

Go right on and make your plans to take in the Panama-Pacific Exposition at San Francisco next year.

A man who goes around with a chip on his shoulder will sooner or later meet up with some fellow with an axe.

Big armies move slowly because they have to take heavy guns and great supply trains along as an indispensable part of the outfit.

The maximum result of monopoly is extortion, exaction and oppression. Benevolence practiced by monopoly is the bait that covers the hook.

There is an ancient saying that "one-half the world does not know how the other half lives. That is true unless the ladies have something to find out.

An editor wrote an article on the "role of the submarine in war" but the linotyper brought it out as the "hole of the submarine in war." Hole is probably right.

Dispatches from the City of Mexico state that the rebels and Federals fraternized, embraced, kissed and made up. It has been hinted that Villa is thinking about kissing Carranza good-bye.

One of the humors in the senatorial campaign in Pennsylvania is that Boss Penrose devotes a part of his speeches to a tirade against political bosses, one of whom, he is satisfied, receives his mail at Oyster Bay.

More freedom for everybody is predicted as the final result of the European war. Those who die on the battlefield take theirs out in death. Compromise has decided advantages over war and it ought to be tried first.

A Baltimore heiress, worth $1,000,000, slipped away from her chaperone and married a young Virginian whom she had known only two weeks. This shows that when a young man has taking ways he is liable to meet up with all sorts of good luck.

The press dispatches have repeatedly said: "The German host continues to move slowly across Belgium." Probably they wanted the allies to catch up. Will the Germans find British soldiers landed at Antwerp to give them a warm reception?

Former Dictator Huerta, of Mexico, is seeing the sights in London. He is accompanied by his family and is on his way to Santanda, Spain, which will be his address as soon as he can leave England. Just at present he is marooned on account of war, something with which the Old Indian is entirely familiar.

While the Wilson administration (American) is struggling with momentous problems, and needs the advice counsel and support of patriots, T. R. is up in New England trying to mobilize opposition in a critical time of the nation's international relations with the world powers.

The American delegates to the World Peace Conference, which was to have been held at Berne, Switzerland, returned to New York last Monday. The conference was potponed and the Americans left Europe so precipitately that they abandoned their baggage. The dove of peace was shooed away by the war spirit.

THE NEW CALAMITY HOWL.

Tut! Tut! We've got a new calamity howl, though if we but bide a wee we shall see it consigned to the limbo of "innocuous disuetude," just the same as happened to the erstwhile calamity howl which was aimed to make the country fear a Democratic administration. The howl of the parties of the first part was chloroformed and gently laid upon the junk heap, and so it is that just as soon as we get over the shock of war and catch our breath, the war's calamity howl will give way to American expansion all along the line.

Even as it is, we are not experiencing half the disaster that such a war in Europe ordinarily is bound to produce for either a short or a long while. Certainly, we have a tremendous advantage over Europe. We have Peace. We have initiative. We have courage. We can work. We can do things. All because we are not fighting and we are not being mowed down by remorseless artillery discharges and death dealing machine guns. What's the matter with us that we should howl? We haven't got any howl coming to us, so far.

We ought to be the kind of optimists that Pat was when he fell from a 14-story building. As he sped downward past the seventh story, he shouted into the windows at his fellows: "Boys, I'm all right so far." Surely we are all right so far, and if the worst is not yet to come we should thank our stars and take courage.

Well, we are hard hit, but not enough to howl. The war gives America the finest opportunity it has had since on the 12th of October, 1492, when Christopher Columbus set foot on this magnificent continent. Then it was a wild wilderness, inhabited by savage Indians and infested with wild animals. Today this portion of it is dotted with fine cities and everything that goes with twentieth century civilization. It is the fairest portion of earth, with 100,000,000 people who are free and great. Howl, nothing. Why howl?

We will soon be too busy to howl calamity. We have our long anticipated opportunity to build a merchant marine to go after the stranded trade of the world. We have an opportunity to manufacture hundreds of things we never made before.

There are fifty or more cotton manufactures that we can produce now or never, as we elect. When the war ends we will be here with the goods—cotton, wheat, corn, manufactures and what not. The world will be depending upon us. Let us make and wait till the time comes for the greatest expansion and activity this country ever witnessed.

Mr. J. C. Wells, a New York manufacturer, who was in Wilmington the other day, laughed at some of the temporary efforts at calamity howling in the South. He declared that this part of the country had all other sections beaten on prospects. He said we might feel blue at the prospective low price for cotton but it was his opinion that when the war is over cotton will be selling at from 15 to 20 cents a pound. He declared that while he had heard talk about 8 cents cotton, he saw 10 cents refused for cotton to be delivered in November, or any old time. Even a 11 1-2 cents offer was datly refused.

He said the chief thing he noticed all over the South was that most people didn't have to sell cotton now. They don't have to. They can get along without it, and that means that they are going to hold most of the 1914 crop till the war storm subsides and business booms.

FACTS ABOUT SUGAR.

Since sugar has been soaring on account of the war, the alert sugar interests have seized the incident as a fine opportunity to come out with more protection literature that is well calculated to deceive the very elect. In fact, some Democratic editors have been caught napping and have referred to "Facts About Sugar" as unanswerable.

When the Underwood tariff was being discussed in Congress The Star received some sugar interest literature entitled "Sugar at a Glance," sent out under the government frank of Senator Henry Cabot Lodge, of Massachusetts. In fact, it was a speech made by the senator in opposition to the proposed reduction of the tariff on sugar and against putting sugar on the free list in 1915. It was an able argument from the protection standpoint. It was adroit and all that, but in a general way the Democrats made an effective answer to it and went on with their plan to provide consumers with cheaper sugar. Senator Lodge drew a gloomy picture of the ruin that a low tariff would entail upon the American sugar industry. After the bill was passed, lo and behold the producers of raw sugar got more for their product, and consumers bought their refined sugar at such a low price as to make them glad.

So it went till the war broke out in Europe. Then sugar went bounding up, along with every other food product and everybody knows the reason why. They know that war was the cause. They know that the war cut off all the European sugar supply, hence America had to depend upon her own sugar production. Now the raw sugar producers are getting the benefit of the war price and the American sugar refiners are getting the biggest prices they have received in years. Both the sugar growers and the refiners are making fine profits, while consumers have to foot the bill.

Now comes a magazine brochure to The Star, entitled "Facts About Sugar." It comes from the sugar protectionists and the argument is fine. One would think they are terribly distressed over the condition of the poor consumer, and the argument is aimed to convince him that if the tariff on sugar had been kept away up yonder there would have been a big American supply at a low price and not at the ruinous war prices. "Facts About Sugar" gives the statistics and the whole argument is splendid—for the sugar protectionists, of course. That is what it is aimed to be and it fills the bill to a "T."

We are told in "Facts About Sugar:" The outbreak of war in Europe has resulted in a sharp advance in sugar prices. Only July 30, the lowest net quotation of the New York refineries for granulated sugar was 4.165 cents a pound while raw sugar was selling at 3.29 cents. By August 10, refined sugar had advanced to six cents and raws to 5 cents. Thereupon, "Facts About Sugar" goes on to say how the consumers are getting it in the neck on account of a low tariff. Of course, intelligent consumers know that they are getting it in the neck on account of the war.

Germany, Austria, Russia and France, now engaged in war, are the chief sources of Europe's sugar supply, says "Facts About Sugar." So they are. They produce some 7,500,000 tons of beet sugar, nearly 80 per cent. of the entire beet sugar crop of the world. War has cut that off, hence consumers know that it is bound to reduce the supply. That would put up the price, for American holders of sugar certainly would take advantage of the war situation to increase the price.

Yes, but we are told that a high tariff would have enabled us to produce immense sugar crops and that we would have had sugar banked up at cheap prices during this war. There may have been great banks of sugar in this country, we shall admit, but who is prepared to believe that the benevolent sugar interests would not have put up the price when the opportunity is good? They and not consumers would have gotten the benefit.

Even so, under former high protection, this country produced only a small percentage of the world's raw sugar. So if protection is so potent why did not we become a greater sugar-producing country? Why was sugar high then? Why, it was high on account of protection. Why is it high now? Why, on account of war. Why were consumers buying sugar at a low price in July? Because there was no war to limit the world's supply or cut it off entirely.

Lastly, why should protectionists take war prices upon which to base an argument? Every one of us knows that would be no criterion.

We have always thought that a revenue should have been raised on sugar and from the standpoint of some local producers of raw sugar, it might not be best to put sugar on the free list, but to quote war prices for an argument is just about the limit. Don't be deceived by any such sophistry as can be seen in such attractive garb in "Facts About Sugar."

STATE REPUBLICANS ARE FOR FUSION.

The faithful, 200 strong, the breathing remnant of the old line Republicans in North Carolina, held their State convention in Raleigh on Thursday. Fifty-four of the 100 counties were represented in some manner or other, and it was the same old crowd, sullen and spunky, ready to fight back at the overwhelming forces of the militant Democracy in whom everybody knows there is hope—the only hope.

Those were the old Republicans who gathered at Raleigh, the same old nervy crowd, moss-backed irreconcilables and chronic grouches. The old war-horses were there, but some of the elder statesmen were absent because they are "old and worn and gray". They are looking the other way, but are still faithful, though they have "had their day" and are resting from strife—the kind in the party and the kind that they have had with the dominant Democrats of the Good Old North State.

The most that is to be observed about the Old Liners' convention is that they are willing for any kind of fusion with the Progressives or Democratic opponents, whatever principles they have or haven't got. They were for "harmony" which means that they are perfectly willing to be Progressive if they can't get them to be Republicans.

The fact is the Old Liners showed signs of shedding their hard shells, and ventured out on some progressive lines. They declared for a State-wide primary, just as every party should do. That is a popular measure and not a party affair. It is a people's movement, and as the North Carolina Democracy is for it, the thing will be about unanimous.

The promises of the Old Liners are fine, as they present them from their point of view, but as they are the same old high protective, special interest State ruining party, who cares what their promises are?

According to arrangements made by Postmaster General Burleson, parcel post exhibits and demonstrations, for the instruction of farmers, will be made at county fairs this fall. Methods of handling, packing and shipping by mail will be demonstrated. That is like showing a good thing in order to get people to appreciate its advantages.

"On to Antwerp" is the German slogan. On to the Germans is the task of the allies.

A delightful Sunday evening trip. Steamer Wilmington leaves 7:30 P. M. Round trip 15c. (advertisement.)

CURRENT COMMENT.

The invitation of the Republicans is to "join us in a return to the good old days of protection," and they might have added "graft." The enactment of a new tariff has fooled a good many, Democrats as well as Republicans. The latter said the country would go to the dickens the moment protection was removed. The Democrats said it would lower the cost of living. Both missed it. Business, because of the tariff, is better than ever. Wool was to be put out of business, but it is booming. The high cost of living was to come down, but it failed, and since the trouble over on the other side, prices are scooting higher than ever, all of which shows that the diagnosis made by the political doctors was wrong.—Greensboro Record.

In connection with the communication of Mr. Clark attention should be called to the following paragraph clipped from Tuesday's Baltimore Sun: "The much-repeated story of the execution of Liebnecht and a hundred Socialists proves to be wholly false. The anti-war meetings of the Socialists prove, as this paper suggested a day or two ago, to have ended with the certainty of war." The Sun's information was gathered from a letter written to that paper by Karl von Wiegand, who is now, or was a week ago, in Germany. Dr. Liebnecht, as, indeed, every other sane man in Germany, did everything in his power to avert the war; but, seeing that his efforts were fruitless, he evidently chose not to court death by any attempt to embarrass the government after war had actually begun. This, of course, is a newspaper report like the other. But it comes from a much more reliable source, and is far more credible than the dispatch from Brussels.—Greensboro News.

There is no panic in Charlotte. The financial horizon is free of clouds. There is no indication of impending storm. The European war has affected certain lines of business temporarily but there is no reason to expect "hard times" in this country on account of the war in Europe. Business conditions here are good. They are normal. At this season of the year there is a temporary dullness in certain lines of trade but there is no unusual depression of a serious nature in any lines of business affecting Charlotte at present. The banks are flourishing and have plenty of money to loan at usual rates. The government has millions of dollars to turn loose in aiding farmers to secure a legitimate price for their cotton. The biggest wheat crop in years is reported. A few cotton mills are curtailing just now, but there is every reason why later they should run over time in order to supply the demand of the world for goods. Some curtailment is customary at this season of the year. Merchants of Charlotte will tell you that their business is good; that the war has not had any bad effects on their trade. Ask some of them, when you hear the calamity howlers yelling, if there is any good reason for this talk of hard times. They will tell you there is not.—Charlotte News.

It was the same old crowd of Republican leaders who ran things yesterday in the Republican State Convention here, albeit they were fewer in number, as the others are grazing in Bull Moose reservations. Outside of the worn out horses of the Republican party the convention of perhaps some two hundred from fifty-four counties of the one hundred in North Carolina was composed of men known to few, almost entirely of men who simply voted as the leaders wanted them to vote, and had naught to say. That the Republican party is in a condition of the hopeless kind is shown by the way it caught at straws yesterday. None dared speak of Roosevelt, whom they were denouncing two years ago, and Taft's name was mentioned in a casual and low-voiced way but once. The endorsement of the proposed amendment to the State constitution for six months' schools, and the declaration for a State-wide legalised primary for all parties were made to have the appearance of progress, but are evidently only put in the platform to play for votes. In especial there is apparent insincerity in the plank which declares for a State-wide primary, for on top of it, in place of permitting the delegates to the convention to nominate and vote for candidates for the United States Senate and for Corporation Commissioner this was left to the executive committee. The Republicans talk loud about trusting the people, but it is all talk, and the bosses of the party continue to pick the candidates and write the platforms. And as for the platform adopted yesterday it was, except as to three planks, all ready in typewritten form brought to Raleigh as the plan of the leaders. The State may well remember that it is just the same old Republican party attempting to gloss over its past career in North Carolina with a veneer of soft soap, and nothing more. It is not to be trusted, for it is the same old crowd, with the same old plans, plus bait for the unwary. It makes mighty fine professions and would have it believed that it is now really a party deserving the confidence of the people, but the people know of these death-bed repentances and promises. Always as to the Republicans it is to be remembered that: "The devil was sick, the devil a sain would be; The devil was well, the devil a saint was he."—Raleigh News and Observer.

AMERICAN SHOUTS TO KING.

"New York's With You!" Provokes Smiles From George and Mary.

(London Cable to New York Times.)

King George and Queen Mary had just driven past the New York Times office in Pall Mall in an open carriage. The streets were practically empty, as it was a bank holiday. Suddenly this quarter of the town seemed to be filled, as if by magic, for the royal passage. King George probably never before heard such hearty cheering. The crowds ran after the royal carriage, which was unescorted and was not followed even by a court official.

The king bowed and doffed his silk hat unceasingly. As he passed the Caritop Hotel a group of Americans joined in the cheering, one stentorian voice crying, "New York is with you!"

King George smiled and directed the queen's attention to the New York man's salute.

AFRAID OF BASEBALL SCORES.

British Cable Censor Fears They May Be German Plot Cipher.

(New York Herald.)

The British censorship has been extended to the baseball scores sent to London for publication. The cable officials have been notified that the scores will not be accepted. It is presumed here that the military censor believes they might be code messages intended for German eyes, although perfectly innocent to all others.

ON THE JUMP.

Outline of One Week's Work of a Whole-Time Health Officer.

(State Board of Health.)

No county is so poor it can't afford a Health Officer, and no county is so rich it can afford to be without one.

The trouble with counties having Health Officers is they try to kill their Health Officer. They seem bent on working him to death. Here is a part of a personal letter from the Nash County Health Officer, which shows how they appreciate health work there.

"I am still busy with my typhoid vaccination campaign. The past week was the busiest I have ever spent, I believe. I will mention some of the things that I did. On Monday I spent the day in the Mount Pleasant community, trying to organize them so as to obtain the community work being done by the Rockefeller Commission. On Monday night I gave an illustrated lecture at Middlesex, 28 miles away, getting home at 2 o'clock the next morning. On Tuesday morning I spent the time preparing advertisements for new dispensary points and on Tuesday evening I read a paper before the Fourth District Medical Society at Tarboro. On Wednesday I held my dispensary at Middlesex, and on Wednesday night gave an illustrated lecture at Momeyer. On Thursday morning I conducted the dispensary at Spring Hope, in the afternoon spoke at the joint annual meeting of the Juniors and Woodmen of the World, held at Rocky Cross, 19 miles away. On Thursday evening I had a dispensary at Momeyer. On Friday morning I conducted the dispensary at Rocky Mount, and on Friday afternoon visited Red Oak to attend a meeting of the health committee of the community. Today I am conducting a dispensary at Nashville, and hope to go to Sharpsburg this evening."

At these dispensaries the principal work consists in giving anti-typhoid treatment, in examining for hookworm and giving the treatment, in vaccinating against smallpox, lecturing on health matters and explaining details of sanitation, such as construction of sanitary privies, anti-malarial work, etc. Time never hangs heavy on their hands.

It has been shown that if these health officers did nothing but wipe typhoid out of the State, or greatly reduce it, which is an easy possibility now that we have the anti-typhoid vaccine, they could save at least 1,200 lives annually. These 1,200 human lives, valued at $1,700 apiece, would be $2,040,000, or over 400 times the cost of a good first-class health officer for every county. Every county should have a Health Officer. Does yours have one?

DIPLOMACY IN THE HOME.

Kansas Man Evolves Clever Scheme to Have His Shirts Mended.

(Chanute, Kan., Tribune.)

A young married man was talking to an old married man, and was complaining that he could not get his wife to mend his clothes. "I asked her to sew a button on my vest and she hasn't touched it." And then the older married friend remarked:

"Never ask a woman to mend anything. When I want a shirt mended I take it to my wife and flourish it around a little, and say, 'Where is that ragbag?' Then my wife says, 'What do you want of the ragbag?' 'I want to throw this shirt away, it's worn out.' 'Let me see that shirt,' my wife says. Of course, I pass it over and she examines it. 'Why, it only needs—' and then she mends it."

GRIEF FOR INDIAN WIFE.

Cause of the Death of a Famous Frontier Scout.

(St. Louis Globe-Democrat)

St. Louis friends have learned of the suicide of Ben Clark, chief of scouts for Gen. Custer when the latter campaigned against Indian tribes in 1869. Clark, grieving over the death of his Indian wife, Mo-Ka, who died several weeks ago, killed himself with an army revolver at Fort Reno, Okla.

Clark was one of the most picturesque figures in the army. He was known to almost every army officer who served in the West in the Indian wars. He was born in St. Louis in 1842 and returned frequently to visit. He was in the government service 59 years. He was present at the capture of Geronimo.

NOTICE OF FORECLOSURE SALE.

By virtue and in pursuance of a power of sale contained in a certain mortgage deed executed on the 15th day of July, A. D. 1912, by D. R. Foster and wife, Anna S. Foster, to A. D. Wessell, which said mortgage deed is duly recorded in Book 69, page 178, in the office of the Register of Deeds of New Hanover county; and,

Whereas, By virtue of an agreement executed between D. R. Foster and R. P. King, Jr., which bears date the 16th of July, A. D. 1912, which agreement is duly recorded in the office of the Register of Deeds of New Hanover County; and it appearing in said agreement that the said D. R. Foster is holding said property for himself and as Trustee for R. P. King, Jr., under said agreement; and,

Whereas, Default having been made in the payment of the said amount contained in said mortgage above referred to, the undersigned mortgagee will, on the 25th day of August, A. D. 1914, at twelve o'clock M., at the Court House door of New Hanover county, sell at public auction to the highest bidder for cash, that certain lot, piece or parcel of land situate, lying and being in the City of Wilmington, County of New Hanover and State of North Carolina, and bounded and described as follows:

Beginning at a point in the eastern line of Front street one hundred and thirty-nine (139) feet south of the southern line of Dock street, and runs thence southwardly with the eastern line of Front street ninety-two (92) feet; thence eastwardly and parallel with Dock street one hundred and sixty-five (165) feet; thence northwardly and parallel with Front street forty-two (42) feet and ten (10) inches; thence northwestwardly fourteen (14) feet, to Blake's corner; thence northwardly and parallel with Front street forty-eight (48) feet, more or less, to the line of E. M. Bellamy; thence westwardly and parallel with Dock street thirty-six (36) feet; thence southwardly and parallel with Front street six (6) feet; thence westwardly and sixteen feet (116) to the eastern line of Front street, the point of beginning. Being part of lots Three and Four in Block 139, according to the official plan of the City of Wilmington. Together with all the rights and privileges in and to a certain brick wall on the northern boundary of said premises above described, which were conveyed by John D. Bellamy and wife to A. D. Wessell by deed dated 6th day of November, 1911, and duly recorded in the office of the Register of Deeds of New Hanover County.

Said sale to be made subject to an outstanding easement and right of ingress and egress in, upon and over a strip of land at the southeastern corner of the above described tract, being a strip of land ten feet wide extending between parallel lines from the southeastern corner of the above described tract to A. E. Blake's line.

Place of sale: The Court House door of New Hanover county.

Time of sale: August 25th, 1914, at 12 o'clock M.

Terms of sale: Cash.

Dated and posted this, the 23rd day of July, 1914.

A. D. WESSELL, Mortgagee.

By W. P. M. Turner, Attorney

WISHED SHE COULD DIE

And Be Free From Her Troubles, but Finds Better Way.

Columbia, Tenn.—"Many a time," says Mrs. Jessie Sharp, of this place, "I wished I would die and be relieved of my suffering, from womanly troubles. I could not get up, without pulling at something to help me, and stayed in bed most of the time. I could not do my housework.

The least amount of work tired me out. My head would swim, and I would tremble for an hour or more. Finally, I took Cardui, the woman's tonic, and I am not bothered with pains any more, and I don't have to go to bed. In fact, I am sound and well of all my troubles."

Cardui goes to all the weak spots and helps to make them strong. It acts with nature—not against her. It is for the tired, nervous, irritable women, who feel as if everything were wrong, and need something to quiet their nerves and strengthen the worn-out system.

If you are a woman, suffering from any of the numerous symptoms of womanly trouble, tak Cardui. It will help you. At all druggists.

FIRST USE OF RESINOL STOPS TERRIBLE ITCH

Jan. 27, 1914: "I suffered over eight years with eczema. It started in one little place and kept spreading until it covered my hands. My hands looked like they had been burned by fire and peeled off in large pieces until they were only raw flesh. I was told it was eczema. It itched and burned me so that I could not sleep at night. I tried all sorts of eczema salves and one prescription after another but nothing gave me any relief until I tried Resinol Soap and Resinol Ointment, and after the first application my hands never itched or burned again, and were well in one week. I want every sufferer from eczema to know that they can find a cure in Resinol." (Signed) Miss Ethel Scott, Milstead, Ga.

Physicians have prescribed Resinol for nineteen years, for all sorts of skin troubles, pimples, dandruff, sores, ulcers, burns, etc. Every druggist sells Resinol Ointment and Resinol Soap.

NEGRO DIES FROM INJURIES

Autopsy Fails to Show Direct Cause of Death of Robert Jennings at Hospital Yesterday.

Robert Jennings, colored, who, it is supposed, fell from a hammock in the county jail Thursday night, sustaining injuries about the head and other parts of the body, died yesterday afternoon at 1:20 o'clock at the James Walker Memorial Hospital where he was carried for treatment. An autopsy performed yesterday afternoon by Dr. Joseph Akerman, superintendent of the hospital, and Dr. Bowdoin failed to show the direct cause of his death, although revealing several possible causes.

The physicians found lesion of the kidneys and a blood clot on the left side of the brain in the temple region. They also found that the negro had been suffering with tuberculosis, and that the entire left lung was almost gone. Jennings is said to have tried to commit suicide several days ago by dissolving the heads of a box of matches in a cup of water and drinking the solution. After he told the officers what he had done he was closely watched but apparently suffered no ill effects. The lesion of the kidneys, however, was likely caused by the effects of this solution.

When Jailer John Branch found him on the floor Thursday afternoon the negro was unconscious, but appeared to have fallen from his bunk which was about two feet from the floor. He was taken immediately to the hospital for treatment.

Coroner John J. Fowler was notified from the sheriff's office immediately after the negro died yesterday afternoon. He went to the jail and made a thorough examination of the surroundings. There were three negroes confined in the steel cage with Jennings. They each stated that he fell out of a hammock in which he was lying and that his head struck a piece of iron which is used to fasten the door to the steel cage. Coroner Fowler did not deem an inquest necessary. The autopsy was not held at his directions. It is understood that a report of the findings of the physicians will be made to the sheriff's office.

Jennings was being held in jail on a charge of highway robbery to await the next term of Superior court.

WATCH IS RECOVERED.

Recorder Must Decide Who Stole It. Two Colored Boys Implicated.

A watch which was stolen together with a pair of trousers from Mr. B. F. Newkirk on Thursday afternoon by two colored boys, Deems Williams and Nathaniel Sumpter, was located yesterday at the store of Mr. C. C. Simmons on South Front street. The boys were tried before the Recorder yesterday morning. Each accused the other of being the guilty person and the Recorder did not feel disposed to pass judgment and ordered the boys sent to jail until today when he will attempt to make a decision.

Both the boys went to the store, it is stated, and wanted to pawn or sell the watch. Mr. A. D. Cashwell, a salesman, thought that the circumstances were suspicious and went out to look for an officer. The boys, however, having a suppicion of what was up, ran away as fast as they could. They were later arrested by Policeman A. L. Long and taken to the police station.

John Haritos and Jim, alias "The Cook", two Greeks charged with assaulting another Greek, were tried and the former found not guilty. Judgment was suspended in the case against the latter. A nol pros with leave was taken in a case against Decker Cowan, colored, charged with larceny.

REAL ESTATE TRANSFERS.

Number of Papers for Registration Yesterday.

Deeds were filed for record yesterday as follows: Geo. P. Galvin to Marie Galvin, for $100 and other considerations, lot on extension of east line of Fourth street, 198 feet south of Greenfield, 49x150 feet in size; Walter S. Knight to Cora L. Knight, for $1,000 and other considerations, lot on west line of Third, 132 feet south of Brunswick street, 33x80 feet in size; B. A. Merritt and wife to Nellie S. Worth, for $3,000 and other considerations, tract in Cape Fear township, on Smith's Creek and adjoining county farm property; Nellie S. Worth to B. A. Merritt, for $1,000 and other considerations, tract in Cape Fear township, on north line of Gordon road; Suburban Land Company to Mrs. Mary H. Detwiler, for $850 and other considerations, lot No. 2, Vann avenue; J. W. Freeman and wife to A. Kazakid and wife, for $100 and other considerations, lot No. 68, Winter Park Gardens; W. O. Morris and C. S. Southerland to J. D. Edwards, for $100 and other considerations, lot on south line of Glenn street, 132 feet east of 13th, 33x32 1-2 feet in size.

OLD GLORY ON TOP.

Flag Now Floats Above New Murchison National Bank Building.

Old Glory now floats supreme above the new Murchison National Bank building, this being the highest point from which the starry stripes can be seen in this vicinity. The flag was flung to the breezes from the top of the flag pole on the handsome ten-story building on Thursday and attracted much attention yesterday. Beneath it floats another flag proclaiming to the world that this is the Murchison Bank building.

The structure will be completed within the next several weeks. The second and third floors will be ready for occupancy by September 1st and it is expected that the others will be finished by September 15th. The Murchison National Bank will be the last to move into the building, this being on or about October 1st. The building now occupied by the Murchison bank will be used by the Home Savings Bank, as soon as it is vacated.

WILL DEDICATE CHURCH.

Seagate Baptist Church Will Have Dedicatory Services Tomorrow.

The Seagate Baptist church, of which Rev. G. N. Marshall is the popular pastor, will be dedicated tomorrow morning at 11 o'clock. The service will be attended by a number of Baptists from the city. The church at Seagate has a large membership and has been very active in Christian work. It is a wide-awake church and the members of the congregation are full of enthusiasm.

Mr. Marshall has only been pastor of the church a few months, but in that time has made a splendid record. He will be in charge of the delcatory service today.

ADDITION TO Y. W. C. A. HOME

Will Build Structure to Contain Gymnasium, Shower, Class Rooms, and Heating Plant.

Plans and specifications for a frame addition to the Y. W. C. A. building on North Fourth street, to contain the gymnasium, dressing rooms, lockers, shower baths, heating plant and class rooms, have been prepared by Mr. Jas. F. Gause, Jr., a well known local architect, and at a meeting of the building committee to be held some time next week bids will be opened and the contract probably awarded. The structure is to cost between $2,500 and $3,000.

The addition to the Y. W. C. A. will be located in the rear of the present structure, recently purchased and remodeled for the purposes of the association, and while a separate structure, it will be connected with the main building by a concrete walkway.

That part of the addition to contain the gymnasium will be 40x60 feet in size, and 19 feet high, connected with a two-story 25x26 foot wing.

The gymnasium will be thoroughly modern in every respect, and will conform to the most advanced ideas for buildings of this class. It will be lighted with high windows on the sides and also by sky-lights in the roof.

A gallery will extend around one end and two sides of the gymnasium, affording seating capacity for about 125 spectators. The gym will be equipped for basketball, handball and other games, as well as the usual gymnasium apparatus.

On the first floor of the two-story wing will be located the dressing rooms, shower baths, lockers, and the heating plant, while on the second floor will be several class rooms for teaching domestic science, cooking, etc.

Bids for the structure are already in the hands of the architect, and a meeting of the building committee will be held some time next week, at which time the contract will probably be awarded.

NOTICE OF ELECTION.

Franchise to Be Voted on By People October 7.

Capt. Thos. D. Meares, city clerk and treasurer, yesterday posted formal notice of the special election to be held October 7 when the voters of the city will pass on the franchise recently granted by City Council to the Wilmington & Carolina Beach Railway Company, subject to ratification or rejection by the people, and summons were also turned over to Sheriff Cowan to be served on those who have been elected by council to serve as pollholders and registrars for the forthcoming election. The election does not require a new registration, and the majority of votes cast will determine the issue. The expense of the election is to be borne by the Wilmington & Carolina Beach Railway Company, that corporation having deposited with the city clerk and treasurer a certified check for $750 for the purpose.

Since council granted the franchise to the company, it has also passed an ordinance prohibiting the sale or transfer of any street railway franchise, existing or to be granted in the future, except with the consent of council. It has also been suggested by citizens that some provision should be made to require the completion of the proposed street railway in a shorter length of time than allowed under the ordinance granting the franchise. As it stands, the company obligates itself to build three miles of track in the city, within two years, and the remaining eight miles called for by the franchise by 1910.

FEDERAL ADMIRALTY COURT.

American Company Suing British Ship Owners for $75,000 Salvage.

The most important case to be heard before the Federal Admiralty court, which will convene in Wilmington September 8 with Judge Henry Groves Connor presiding, will be that of the Merchants and Miners' Transportation Company, owners of the steamers Merrimac and Dorchester, against the owners of the British steamer Alcazar for $75,000, alleged to be due for salvage. The American company ask for this amount for rescuing the English vessel which was in distress off Cape Lookout last winter and towing it into Lookout Bight.

The suit will be largely hearing depositions, since most of the evidence had to be obtained in England. The owners of the Alcazar have given bond in the sum of $80,000 to cover judgment should it be against them.

Another admiralty case to be heard at this term will be that of Manitt & Wood against the owners of the barges Flora and Leverene, which are alleged to have sunk last winter a launch belonging to the plaintiffs in the Wilmington harbor.

Besides admiralty cases there will also be several cases in equity to be heard, one of these being that of Gillis against Gillis, involving the title to several thousand dollars' worth of land. Another equity case will be that of Mr. A. N. Dubois, of Wilmington, against the Rocky Mount Hosiery Company, charging the infringement of a patent right.

ITALIAN BADLY SCALDED.

Was Making Coffee at Seashore Hotel When Pail Slipped Out of Hand.

An Italian cook at the Seashore Hotel was severely scalded yesterday at the Seashore Hotel while making coffee by having a pail of boiling water to slip from his hand precipitating the hot fluid on his body. Suffering intense pain, he was brought to the city and was treated by Dr. M. M. Caldwell. He was then taken to his boarding house where he will be confined for ten days or two weeks.

He was unable to speak English and it was impossible to learn his name. While painfully injured, Dr. Caldwell stated, his condition is not necessarily serious and he should recover.

Violated Traffic Ordinance.

Policeman H. G. Bullard was stationed at Front and Chestnut streets for a short while yesterday and as a result of his presence there several were arrested on charges of violating the traffic ordinance. Those arrested were Messrs. James Mote, Clifton Sidbury, H. L. Huhn, M. Fearsall, L. B. Michaux and T. S. Jacobs and the following colored men: Joe Fergust, J. A. Spicer and C. Martin. They were recognized for their appearance before the Recorder this morning.

TO ENLARGE GRAND THEATRE

Rhodes & Underwood Awarded Contract for Addition to Well Known Picture House.

With the idea of greatly enlarging the well known Grand motion picture theatre, and improving its interior appearance and seating facilities, Mr. J. M. Solky, the proprietor, has awarded to Messrs. Rhodes & Underwood, local contractors, the contract for the construction of a substantial addition to the rear of the building in which the playhouse is located.

Work upon the improvement will be started in the immediate future, and it will cost approximately $3,000. The work will be supervised by Mr. Jas. F. Gause, the architect, who drew the plans for the addition.

The addition will be of brick, with metal roof, in conformity to the present building. It will be 25 feet in length and 36 feet in width, thus making the theatre 195 feet long by 36 feet in width, greatly enlarging its seating capacity and enabling Mr. Solky to arrange the rows of seats considerably wider than at present.

The improvements to be made to The Grand also include the rearrangement of the ventilating system, the redecoration of the interior and a general renovation all around. The latter work will probably be undertaken as the construction of the addition nears completion, some time this fall or winter.

Mr. Solky at first contemplated the construction of a new building facing on Princess street, just to the rear of Shrier & Solomon's clothing store, the back portion of which was to be utilized as the addition to the Grand Theatre, the front of which was to be a store, while the upper stories were to be divided up into attractive apartments, with all modern conveniences.

However, Mr. Solky has decided to temporarily abandon the idea of building the new store and apartment building, and to go ahead with the addition to The Grand. This will be so constructed that the other building may be added to it as soon as Mr. Solky is ready to put it up. While he has not definitely decided, he will probably take up the matter of the new building again about the first of the coming year.

RETURNS FROM EUROPE.

Rev. C. T. Rogers, of Jacksonville, Back from Trip on Continent.

Of interest to many friends in Wilmington will be the announcement that Rev. C. T. Rogers, formerly pastor of Trinity Methodist church, but now pastor of the Methodist churches in Jacksonville and Richlands, has returned from a trip through Europe. His friends were apprehensive lest he should have happened to some misfortune, but these fears proved to be unfounded. The following is from the Newbern Sun:

"Rev. Charles Rogers, a young Methodist minister stationed at Jacksonville, N. C., arrived in Newbern this morning on the 4 o'clock train en route to his home, after several weeks touring the Old Country.

"His trip abroad was made from an educational standpoint, and he received much information and some thrilling experience. The young minister was caught in Germany at the breaking out of the European war, and at times suffered many inconveniences, several times he was held up as a spy.

"He said, where he was there was no actual fighting going on, as to sea combats none was seen, but many warships were sighted on the way across the ocean from London, Eng., to Canada. Rev. Chas. Rodgers said, under the existing conditions, a war being carried on his trip was a very enjoyable and profitable one. The many relatives and friends of Mr. Rodgers extend him the glad hand of fellowship and hearty welcome back to his native soil.

"With reference to another minister of Jacksonville, N. C., Rev. Von Miller, who is now in Germany, Mr. Rodgers stated that the Onslow county preacher remained in Germany for the present at his own request, as he had already served his country and now had become an American citizen and was not a subject to the Emperor. Just how long Rev. Von Miller will stay abroad is not known."

MOTORCYCLE TOUR.

Wilmingtonians Cover 500 Miles in 21 Hours' Riding.

Messrs. W. G. Adams and C. W. Harvell, both of Wilmington, have returned from a motorcycle tour from this city to Harve de Grace, Maryland. Their original intention was to ride through to New York and back, but on account of trouble with one of the machines they gave the trip up at Harve de Grace, and returned by rail.

They left Wilmington August 13, and covered a distance of 500 miles in an actual riding time of 21 hours. Mr. Adams rode an Indian machine and Mr. Harvell an Excelsior. They had little trouble until they arrived at Harve de Grace, where Mr. Adams' machine went out of commission, causing them to give up the remainder of the trip.

They report very good roads for the most part. Their route through North Carolina was by way of Goldsboro, Raleigh and Henderson, thence into Virginia. North Carolina's roads, they state, average up better than the roads of either of the other States through which they passed.

Mr. Harvell says the crops in Northern North Carolina and in many sections of Virginia and Maryland, have suffered very much from the drought.

FUNERAL OF MR. OVERBY.

Services from Church of Good Shepherd Yesterday Afternoon.

The funeral of Mr. J. W. Overby, whose death occurred Thursday at his home, No. 108 Wright street, was conducted from the Church of the Good Shepherd yesterday afternoon at 3 o'clock by Rev. Thos. P. Noe, the rector. The services were attended by many friends and there was a profusion of floral designs. The services at the grave were in charge of members of Jeff Davis Council, No. 63, Junior Order of United American Mechanics, and Orion Lodge of Odd Fellows. The interment was in Bellevue cemetery.

The pall-bearers were Messrs. P. A. Bounds, George Grotgen, A. D. Cashwell, Hardy Lanier, G. N. Ormsby and G. H. Davis.

Besides his wife and two children, the deceased is survived by the following brothers and sisters: Messrs. C. F. and F. H. Overby, of Fayetteville; H. G. Overby, of Mount Airy; Walter O. Overby, of Georgia; Mrs. Mary L. Overby, of Mount Airy, and Mrs. Kate Bray, of Cape Charles, Va.

SETTLER FOR HUNTER'S DEATH

Tidewater Power Company Pays the Mother of Negro Killed Last Sunday Sum of $750.

The Tidewater Power Company has effected settlement with Flora Hunter, administratrix of the estate of Aaron Hunter, the negro who was killed at Seventeenth street and Perry avenue last Sunday night by one of the suburban trains of the power company. The woman is the mother of the deceased negro, and her claim against the company was settled for the sum of $750.

It will be remembered that Hunter, a chauffeur for a local garage, with a party of other negroes, had been on an automobile trip Sunday and had figured in a wreck, damaging the machine so that it had to be abandoned for the time being. They returned to the city in another car, and Huntter left the others at Seventeenth and Market streets, telling the others that he was going to wait on a Carolina Heights car to come on down town. A short time later, about 9:15 o'clock, while sitting on the beach track at Seventeenth street and Perry avenue, he was run over by an inbound two-car express from the beach, being killed instantly.

The coroner's jury, after investigating the affair thoroughly, being in session two days, returned a verdict Tuesday afternoon to the effect that the negro came to his death by being struck by one of the Tidewater's suburban cars. The verdict of the coroner's jury exonerated Motorman Allen and Conductor Hall, who had been arrested by Coroner John J. Fowler Sunday night following the death of the negro.

In view of this fact, there is some probability that the Tidewater might have been absolved from any liability for the damages had the case been carried through the courts. However, it is presumed that rather than resort to a long and expensive litigation, the corporation preferred to settle all claims by the payment of the amount stated, $750.

Walter P. Gafford, Esq., represented the Hunter woman in the settlement, while Capt. W. F. Corbett, claim agent for the Tidewater, acted for that corporation.

SPECIAL MEETING TODAY.

City Council to Consider Sketches for New Fire Station.

City Council will meet in special session this morning at 10 o'clock for the purpose of considering sketches submitted by local architects for the proposed new fire station to be built at Fifth and Castle streets, to replace the old station building now in use at Sixth and Castle streets.

Messrs. H. E. Bonitz, H. H. Stephens, and possibly other local architects, will submit pen and ink sketches for the consideration of Council. The plans have been made according to the following specifications, furnished by Chief Chas. Schnibben, of the Fire Department:

"The lot is the southwest corner of Fifth and Castle and is 65x66 feet in size.

"The building to be erected on lot to be a two-story, brick building, with limestone trimming. The building is to be 26 feet wide and about 60 feet long, not to exceed in cost $5,500 complete, including fixtures, plumbing and electric light wiring.

"Building is to be erected for hose wagon providing two stalls, feed room, storage room, and toilet on first floor.

"The second floor to have dormitories for 10 men, bath and toilet with necessary lockers and reading room.

"There is to be a tower on building for the placing of fire bell.

"First floor is to have cement floor, second floor to be finished in a neat manner suitable for dormitories and reading room.

"Sketches to be submitted by Saturday 10 o'clock. Elevations to be submitted in pen and ink renderings, water coloring not accepted.

"The successful architect is to receive the usual commission for the preparation of plans and supervision of the erection of building.

"The successful architect is to agree to prepare plans and specifications without delay, submitting the same to contractors for bids.

"Any further information desired will be furnished by Chief of Fire Department."

WANTED TO COME HOME.

Wife Says Nay and Has Husband Arrested for Housebreaking.

After an absence of a year from his wife and two children, who live at No. 805 1-2 Thompson's alley, Walter Sanders, colored, returned last night and told his spouse that he was sick and wanted to return home. Instead of welcoming him with joyful acclaim, however, she shut the door in his face and told him to leave. Not only that, but locked the door and with her two children sought the police station and asked the officers to protect her.

She told Sergeant Grimsley that she was afraid of her husband and that she didn't want him at home. She declared that she couldn't live with him. Sergeant Grimsley sent Policeman A. E. Munn and S. H. Fulford to the house to investigate.

They found that Sanders had broken in the house and was making himself at home. But his peace of mind was quickly removed, for the officers marched him to the police station and there he was charged by his wife with housebreaking.

He appears to be a fairly decent sort of negro, but says he is sick. His wife will not show him any mercy on that account, however, for she says he has left her to make a living for herself and two children and she is perfectly willing for him to stay away. Nay more, she says he has got to stay away. He slept in the city prison and will be tried before the Recorder this morning.

Middies on Way Home

Maj. W. N. Harriss yesterday received in reply to an inquiry made of the Navy Department at Washington, D. C., a telegram stating that the U. S. S. Maine, which has been in Mediterranean waters on the annual cruise of the midshipmen from Annapolis, had sailed from Tangier, Morocco, Wednesday for home. Mr. Latham Harriss, a son of Maj. and Mrs. Harriss, is one of the midshipmen aboard the Maine.

Larceny of Scarf Pin Alleged.

Dexter Connor, colored, was arrested yesterday by Officer D. W. Coleman, on a charge of stealing a scarf pin from Will Harriss, colored, and was lodged in the city prison. Harriss, who runs the elevator at the Garrell building, alleges that Connor seized him with both hands while in the elevator and beat his head against the side of the cage. He later discovered, he says, that the pin was gone.

SOCIAL and PERSONAL

Mrs. A. S. Peatross has returned from a months' stay in the mountains near Hendersonville.

• • •

Miss Bessie Barnwell leaves this morning for Sumter, S. C., to spend the week-end at her old home.

• • •

Miss Hattie Starr and Mrs. Emma Owen, of Fayetteville, are visiting relatives in the city.

• • •

Mr. and Mrs. W. A. Williams are spending the week-end with relatives at Sloop Point.

• • •

Miss Annie Reilly, formerly of Wilmington but now of Greensboro, is the guest of Mrs. J. E. Shannon, No. 312 North Third street.

• • •

Mrs. F. B. Kelly, of Birmingham, Ala., left Thursday morning for her home after spending several days here with her sister, Mrs. W. J. Bradshaw.

• • •

Mr. W. E. Lawson, city editor of the Evening Dispatch, will leave this morning to spend the week-end with relatives and friends in Winston-Salem.

• • •

The regular monthly social meeting of the Epworth League of Grace Methodist church was held last evening at the home of Miss Lucile Cavanaugh at Sunset Park. The young people had a most pleasant and enjoyable time.

• • •

Mrs. J. E. Ennett and children have returned home after a pleasant visit to Mrs. Ennett's sister, Mrs. C. E. Schrachner, at Monroe. Mrs. Schrachner and children accompanied them home and will spend some time in the city.

• • •

Mr. John Allan Thames returned yesterday from Spartanburg, S. C., where he has been attending the Spartanburg Business College. He will be at home here with his parents, Dr. and Mrs. John Thames until September 1, when he will enter Davidson College.

• • •

The Red Cross Society acknowledges with thanks a donation of $5 from a friend for the European relief fund. This makes a total of $30 that has been secured by the Wilmington chapter so far. Anyone desiring to make a donation for this worthy cause may send it direct to the president or leave it at The Star office.

• • •

Warsaw, N. C., Aug. 21.—Mrs. L. P. Best delightfully entertained the Rook Club at her home on Hill street, Thursday afternoon. The spacious porch was prettily arranged, and seven tables were placed for the fascinating game. Mrs. H. L. Stevens making the highest score, was awarded the prize, a beautiful silver tea bell. A dainty salad and sandwich course was served by Mrs. Earl Best, Mrs. Herbert Best, and Miss Margaret Pierce. Mrs. W. B. Aycock charmingly presided over the punch bowl. The out-of-town guests present were Mrs. John Peele, of Roxobel; Mrs. W. B. Aycock, of Wilson; Miss Fannie George Lucas, of Harrell's Store; Miss Fannie Noel, of Lexington, Miss., and Miss Louise Futrell, of Scotland Neck.

Wrightsville Beach

Arrangements are being made for several pleasing innovations and contests at Lumina for the coming week. The popularity of this pavilion continues unabated and large crowds attend the dances every night.

Tonight will be carnival night at Lumina and this promises to attract a large crowd. Besides the throwing of confetti which will make a striking scene of merriment and fun, attractive carnival souvenirs will be given those dancing.

Miss Chanler and Mr. West in their exhibition dance at Lumina last night gave the Brazillienne maxixe, one of their most popular and artistic dances. Tonight they will repeat the Italian folk dance, La Surlana, which has been warmly received on several previous occasions.

The children's dance at Lumina on Thursday night proved to be a decided success. There were between 400 and 500 children present and they had a most enjoyable time. The grown folks were also present in large numbers and after the dances by the children there was dancing by the adults.

A fishing party from the Hanover Inn went out yesterday in the Virginia May and proved their skill at angling by the number of fish that they brought back with them. Those composing the party were Miss Sydnie McDaniels, Mrs. Robert Long, Miss Ola Shumate, Mrs. M. L. Satterfield, Miss Elizabeth and Miss Anne W. Satterfield all of Birmingham, Ala.

Among the arrivals at the Seashore Hotel are Mr. and Mrs. O. E. Ford, Shelby, N. C.; Mrs. R. H. Bradford and child, Burgaw; Mrs. W. O. Singletary and child, Burgaw; Mr. and Mrs. G. R. Gatt, Baltimore, Md.; Mr. J. F. Alexander, Forest City, N. C.; Miss M. C. Ward, Suburb, N. C.; Mr. Leroy L. Perrine, New York city; Mr. and Mrs. O. T. Boney, Kinston, N. C.; Mr. W. B. Fort, Pikeville, N. C.; Mr. L. C. Widmer, Brooklyn, N. Y.; Mr. O. E. Burton, Atlanta, Ga., and Mr. H. M. Stanford, Atlanta, Ga.

Among those at the Northrop Cottage are Mr. and Mrs. W. J. Davis, Elizabethtown, N. C.; Miss Inez Davis, Elizabethtown; Mr. and Mrs. R. B. Neal, Norfolk, Va.; Mr. and Mrs. J. E. Miles, Greensboro, N. C.; Mr. J. F. Fields, Jr., Laurinburg; Mr. W. C. Sparks, W. H. Worrell and F. P. Carter, Atlanta, Ga.; Mrs. F. T. Holliday, Ore Hill, N. C.; Mr. and Mrs. W. X. Coley and son, Raleigh; Mr. F. W. Keys, Charlotte, and Misses Agnes Deal and Jeanne Perry, Greenville, S. C.

Exceptional and out of the ordinary offerings continue to be the rule at Lumina, and the motion picture bill for tonight promises something entirely different from anything yet. It is a rousing special release in a Vitagraph comedy, "Pickles, Art and Sauerkraut," in which are featured three of the leading fun-makers in the world, Sidney Drew, Louise Beaudet and Ada Gifford. This is a special release that has caused a sensation wherever shown, and should make a distinct hit tonight. A big Selig drama, "The Old Against the New," ends the bill, and will be found one of the most thrilling dramas of the season.

LOCAL DOTS.

—The handsome St. Mary's Pro-Cathedral, at Fifth and Ann streets, this city, has been draped in mourning out of respect to the memory of the late Pope Pius X.

—The American steamer Matilda Weems, Capt. Hall, cleared yesterday afternoon for Baltimore with a cargo of 150,000 feet of pine lumber shipped by Robert R. Sizer & Co. The vessel was consigned to C. D. Maffitt & Co.

—Claim and delivery proceedings for two horses were started in Superior court yesterday by Ward Lutes and A. H. Jewell, trading as the Kentucky Horse and Mule Company, against L. P. Gordy. Herbert McClammy, Esq., represents the plaintiff.

—The German steamer Nicaria, which has dropped anchor in the river a few miles above Southport to await the developments of the war in Europe, left this port because of fear that her crew, used to the salt air would be sick from a lengthy stay in fresh water.

Leaves Hospital Today.

Mr. N. McN. Patterson, of Elrod, N. C., who was knocked down by a belt car of the Tidewater Power Company at the junction on Princess street on the evening of July 26, and who has been at the James Walker Memorial Hospital since that time, will leave the institution today, having recovered from the injuries sustained. He will be in the city several days, and then return to his home at Elrod.

Steamer Wilmington, two trips to Southport Sunday. (See schedule.) (advertisement.)

Delicious Concord Grapes — Phone your grocer.—Advertisement.

THEATRICAL

To provide for the delectation of the immense Saturday throngs, the management of the Bijou—Wilmington's most popular joy spot, the source from which emanates all that is best in motion picture shows, has booked one of the biggest bills for today that was ever shown in a Wilmington photo play house.

The bill is headed by one of the real feature releases of the year, a two-reel Victor drama, "The Coast Guard's Bride," a production which has received very flattering press commendation where it has been shown, and was extensively mentioned in last Sunday's Star. It tells the story of a girl who is typical of many of her sisters, who marries a man only to find that she has made virtually a prisoner of herself, shut out from society and the association of friends. While the play is a melodrama, its locale is in a picturesque, lonely island, and is succulent with heart interest. Through a series of suspense-sustaining incidents, he has woven a story that every one should see—that you cannot help but appreciate. And Miss Irene Wallace and Mr. Walter Miller play the leading roles as no one else could portray them.

"The Man of Her Choice" will also be another winner on today, a Powers drama, as Miss Grace Cunard and Francis Ford, of the Lucile Love serial, play the leading roles in this picture. And, too, the situation is somewhat like one of the Lucile Love serials, in that the man and the girl are cast away on a deserted island. It will show some of the best work of this popular pair, and is the second one of the week, showing the work of these two screen stars.

A rousing Keystone comedy, "The Missing Bride," ends today's big menu, and will be found one of the best comedy numbers of the week.

Saturday at the Grand.

Ho, for a great Saturday filled with pure and superb delight at the charming, popular Grand Theatre. This, the blue ribboner, has prepared a sumptuous repast for amusement-lovers today and it goes without saying that they will be on hand by the score to enjoy the huge feast. Each film is a feature, thus affording an all-star show, and one that will cater to every taste, and the price will be the same old 5 cents, afternoon and night.

Leading the way today will be a film away out of the ordinary. It goes by the brief, unique and yet gripping title of "The Prescription," and it has a strong, intense plot that revolves around a medical society. It is Pathe's most powerful dramatic creation and it takes two giant sized reels to unfold the story. A star cast appears in the film.

The Vitagraph also sets forth its biggest success today in "Two Stepchildren," telling of the hard life they encounter at home, their removal to a big city and their adventures while there. In the cast will appear such popular artists as William Shea and Dorothy Kelly.

There is also the prince of all fun pictures on today in the Biograph's "The Goat." It's the laughable story of Uriah Wright who runs "The Weekly Balloon." He runs a rip-snorting sheet, but when the irate folks come around he makes the printer's devil the goat. It is one big long laugh that is wholesome. So be in on this mirth-producer, which will provide the very best kind of a tonic.

There will also be some swell music today at the Grand and the comforts will be beyond compare. It is also delightful at this theatre, which is freely ventilated and cooled by electricity. Verily, all roads will lead to the handsome Grand upon this week-end.

THIS HOTEL HAS NEW IDEAS.

Some of the Innovations to Be Tried in a Los Angeles Hostelry.

(Los Angeles Times.)

Tipping is taboo at the new 2264-room Hotel Stowell, 416-18 South Spring street. The new house is introducing several other innovations in hotel management.

No bell boys will be employed at the hotel. Each of the eleven floors has a woman room clerk, Japanese janitor, and a full corps of workers. The mail, keys and all other service is handled through the individual floor clerks.

When a guest arrives he is assisted into the elevator. The clerk on the floor to which he has been assigned is notified over the telephone, and a servant is waiting to take his baggage when he arrives at his floor.

There will be no extra charge for a wife. An extra charge is made only when a room is occupied by two men. The price of each room is posted on the wall so that patrons may know that rates are the same to all. The prices of rooms with bath are from $1.50 to $5.

The bedrooms have special equipment in the way of running ice water and a vending machine which supplies these articles for 25 cents each: Toothbrush, tooth powder, cold cream, talc powder, shaving soap, and safety razor.

SOUTH IS GOING FORWARD

Some Industrial and Other Developmental Enterprises Reported in Manufacturers' Record.

(Special Star Correspondence.)

Baltimore, Md., August 20.—Among the Southern industrial and other developmental enterprises reported in this week's issue of the Manufacturers' Record are the following:

Union Iron Works, Nashville, Tenn., was incorporated with capital stock of $100,000, to manufacture stove grates.

Southern Wheel Co., St. Louis, Mo., will erect building of steel construction in Atlanta, Ga., to cost about $60,000, and equip it for manufacturing cast iron car wheels; daily capacity about 300.

Chattanooga Gas and Coal Products Co., Alton Park, Tenn., organized to build by-product coke oven plant, to cost $1,000,000 and to have daily output of 300 tons of foundry coke, 400,000,000 cubic feet of lighting and fuel gas, 6,000,000 gallons of coal tar, and 2,000 pounds of ammonia.

Wheeling Traction Co., Wheeling, W. Va., will improve its power plant, adding two 60-cycle, 3 phase turbines of 3,000 H. P., and two of 28,000 H. P., each, boilers, stokers, stacks, coal conveying machinery, etc.; ultimate capacity of finished plant, 35,000 H. P.

Ridgewood Brick Works Co., Columbia, S. C., was incorporated with capital stock of $75,000, to manufacture bricks.

Piedmont Box and Lumber Co., Burlington, N. C., will erect building to cost about $25,000, and equip it for manufacturing building materials, packing cases, etc.

Pittsylvania Power Co., Chatham, Va., was incorporated with capital stock of $550,000; will merge Chatham Light and Power Co. into Pittsylvania corporation and plans to construct hydro-electric plant on the Banister river, twelve miles from Chatham, to develop 1,500 H. P. for transmission to Chatham, Gretna and other points; to cost $40,000 or $50,000.

Newton Cotton Mills, Newton, N. C., will build 100 by 75 feet addition to plant to make cotton.

Efird Manufacturing Co., Albemarle, N. C., will build 75 by 50 feet addition and increase carding capacity for production of cotton goods.

Chapin-Sacks Manufacturing Co., Washington, D. C., will build ice cream factory and cold storage plant, garage and repair shop, 285 by 120 feet; fireproof ice storage house, 150 by 90 feet, with boiler plant and gas producing engines, to cost $300,000.

MONTREAT NEWS

By Rev. E. L. Siler.

Montreat, N. C., Aug. 17.—Yesterday morning Rev. H. E. Kirk, D. D. of Baltimore preached a masterly sermon from the text "Except a corn of wheat fall into the ground and die it abideth alone, but if it die, it bringeth forth much fruit." He said in part: "My subject is The Price of Opportunity. Those Greeks who came to seek Jesus were among the God-fearers, in sympathy with the Jewish religion and in search of something better. Their openness of mind is now seen in all the non-christian nations. This is the only condition of power with God with men. This is the only correction of the rising tide of worldiness in the home church. This is the only way into the deeper joy of religions experiences. Christ's death for the world is the great thing in our religion."

At 4 o'clock yesterday afternoon Dr. E. W. Smith held a conference of ministers, elders and deacons to confer about the Foreign Mission debt. He set before them the financial condition of the committee as follows: Estimated cost of this year work, $570,000,00; Deficit from last year, $36,000,00; Total, $606,000,00; Receipts for regular work last year, $514,000,00; Necessary increase this year, $92,000,00. He urged all to co-operate in the endeavor to raise the necessary amount this year.

Last night was held the closing meeting of the Foreign Mission Conference. It was marked by inspiring music, a large audience that filled the auditorium, and the presence on the platform of about 35 missionaries and volunteers for the foreign field which were introduced by name by Dr. S. H. Chester.

Among these was Rev. Dr. J. C. Painter, the oldest in service in our church.

Dr. E. W. Smith, D. D. preached on the "Perils and Opportunities of the Foreign Mission Work." He said this is the most critical moment in the history of the non christian world. They have torn loose from their ancient moorings, and unless we give them a new moral basis of life, they will soon drift into materialism. He spoke of America's peculiar responsibility for China, because China considers America her best friend. He said they are now open to the gospel, and if we had christian forces enough we could soon take China for Christ. We must ask Christ for the spirit of love and self-sacrifice that will cause the church to go out and do her part in this great work.

This morning Dr. R. E. Vinson continued the study of the Epistle to the Hebrews. He is delighting large audiences each morning with his excellent Bible studies.

At 11 o'clock this morning Mr. S. D. Gordon (of the famous Quiet Talks) gave his first lecture, the subject of which was The Story of Enoch in Five Chapters. Chapter 1, He was born. Chapter 2, He grew. Chapter 3, A child was born into his home. A child is a messenger fresh from God, and this child perhaps proved the turning point in his life. Chapter 4, He walked with God. What does this mean? The speaker said he didn't know, but was convinced that this contained the secret of all church life and service. It means the recognition that God is present with us all the time. Chapter 5, He was not for God took him.

Mr. Gordon is a man of wonderful power and force, and will prove one of the great attractions of the conference during these closing days. Dr. Howard Agnew Johnston begins his lectures tomorrow night.

NOTICE.

The undersigned, formerly waiters at the Star Cafe, beg to advise their friends that they have resigned their positions, on account of ill treatment by the proprietor, John Haritos.

JAMES SIPSIES,
THOS. ANDREWS,
PETER LEE,
GEO. COPLONS.

PERSONAL PARAGRAPHS.

—Mr. W. R. Walker, of Currie, spent yesterday in the city on business.

—Mr. R. A. Brand, Sr., and son, Alfred, spent Thursday in Washington-D. C.

—Mr. W. J. Kirkham has returned from a business trip to Baltimore and Washington.

—Policeman R. J. Thompson is taking his annual vacation. He will likely spend most of it in Wadesboro.

—Capt. C. W. Woolard, assistant chief of police, began his ten-day vacation yesterday. He will likely remain in the city, not caring especially for the sights of other localities.

—Rev. N. M. Wright, pastor of the Seagate and Wrightsville Methodist churches, will go to Southport today and will conduct services in the Methodist church there tomorrow morning and evening.

—Mr. C. D. Maffitt returned yesterday from Southport and Shallotte. Mr. Maffitt has been overseeing the lightering of the lumber cargo on the schooner Greenleaf Johnson, which vessel he purchased after she went aground on the Shalotte bar last spring.

—Mr. H. C. McQueen, president of the Murchison National Bank, will leave today for Washington, D. C., where he will attend a conference of bankers, farmers and manufacturers of the country to be held in the office of the Secretary of the Treasury on Monday. Mr. McQueen was appointed by President Thos. E. Cooper, of the North Carolina Bankers' Association.

—Mr. S. B. Moore, who has served so efficiently as assistant secretary of the Y. M. C. A., left Thursday to spend a few days at his home at Globe, N. C., before going to Wake Forest College to take up the study of medicine. During his stay in the city he made many friends whose best wishes will follow him in his new field of work.

—Messrs. W. E. Yopp, Woodus Kellum, Esq., and B. F. Brittain, of Jeff Davis Council, and Messrs. W. W. Galloway, E. B. Branch and Edward Register, of George Washington Council, have returned from Durham, where they attended the annual meeting of the State Council of the Junior Order of United American Mechanics.

First Presbyterian church, corner Third and Orange streets, Rev. John M. Wells, D. D., pastor.—Services tomorrow at 11 A. M., with preaching by Dr. Wells. Sunday school at 9:50 A. M. Christian Endeavor at 8 P. M. Prayer meeting Wednesday at 8 P. M. All are cordially invited to these services.

WEEKLY COTTON REVIEW

Little Change in the Situation During the Week as Reflected in New York.

New York, Aug. 21.—Beyond such progress as has been made in the work of evening up all contracts and in devising plans to complete that operation, there appears to have been little change in the cotton situation during the past week so far as reflected in local circles. A large number of contracts have been running out through the transfer of interests to December and changes have been proposed in the by-laws to meet conditions created by the new cotton futures bill which may accelerate such operations. No material progress is expected in the elimination of the international interest, however, until after the delegates of the Liverpool cotton association, who are to sail for New York tomorrow, have been in conference with representatives of the two American exchanges.

Meanwhile, nothing more than a few scattering transactions are being reported in spot cotton at irregular prices, and the general attitude of the trade is that of awaiting developments with reference to new crop marketing, the export situation and a re-opening of the futures market.

No Material Changes Yesterday.

New York, Aug. 21.—No material change was reported in the cotton situation here today. There were sales of 1,104 bales out of the local stock, but no official quotation was issued while only a few scattering sales are reported by local brokers for Southern shipment at irregular prices.

THE PORT MOVEMENT.

New Orleans—Receipts, 303; stock, 53,254.

Interior Movement.

Houston—Receipts, 1,439; shipments, 718; stock, 28,188.

Memphis—Receipts, 31; shipments, 160; stock, 15,294.

Augusta—Middling, 9⅝; receipts, 26; shipments, 130; stock, 9,484.

St. Louis—Receipts, 137; shipments, 431; stock, 14,530.

Cincinnati—Receipts, 562; shipments, 66; stock, 18,067.

Little Rock—Shipments, 10; stock, 5,587.

Total today—Receipts, 2,135; shipments, 1,515; stock, 85,970.

LIVERPOOL COTTON MARKET.

Liverpool, August 21.—Cotton, spot: Sales, 700 bales, all American, on the basis of 6.20d. for middling; no receipts. Weekly cotton statistics: Imports, 17,000 bales; American, 4,000; stocks, 910,000; American, 618,000; forwarded, 14,000; American, 11,000; exports, 2,000.

COTTON SEED OIL.

New York, Aug. 21.—Cotton seed oil was steady but very quiet, owing to a lack of outside demand. Offerings were small and sentiment appeared to be bullish. Final prices were unchanged to three points net higher; sales 3,000 barrels. Prime summer yellow 6.61 to 6.70; August 6.62; September 6.58; October 6.44; November 6.35; December 6.36; January 6.39; February 6.41; March 6.47; prime winter yellow 6.50; prime summer white 6.50.

THE DRY GOODS MARKET.

New York, Aug. 21.—Domestic wools were firm and active today. Carpet wools were quiet with prices lower abroad than here. Cotton goods were generally quiet, with print cloths easing.

CEREAL MARKETS ADVANCE.

Wheat, Corn and Oats Higher; Also Provisions.

Chicago, Aug. 21.—The cereal markets advanced today and all closed higher; wheat 2¾ to 2⅞; corn ⅝ to 1c and oats ⅝ to 1¼. Provisions averaged slightly higher.

Grain and provisions:

Wheat—September 97⅞; December 101; May 1.07⅞.

Corn—September 79⅝; December 70⅞.

Oats—Septembmer 44⅝; December 46⅞.

Pork—Septemmber 22.40.

Lard—Septemmber 10.05; October 10.17; January 10.52.

Cash Quotations:

Wheat—No. 2 red 99 to 1.01; No. 2 hard 97⅞ to 98¾.

Corn—No. 2 yellow 82¾ to 83¾.

Oats—Standard 44 to 44¾.

CHICAGO LIVE STOCK MARKET.

Chicago, Aug. 21.—Hogs, bulk 8.85 to 9.20; light 8.85 to 9.30; mixed 8.65 to 9.35; heavy 8.50 to 9.20; rough 8.50 to 8.65; pigs 7.00 to 8.70.

Cattle—Weak; beeves 6.75 to 10.60; steers 6.30 to 9.40; stockers 5.40 to 8.10; cows and heifers 3.60 to 9.30; calves 7.75 to 10.75.

Sheep—Lower; sheep 5.10 to 6.05 yearlings 6.00 to 7.00; lambs 6.50 to 8.50.

SAVANNAH NAVAL STORES.

Savannah, Aug. 21.—Turpentine nominal 45½; no sales; receipts 347; shipments 257; stocks 28,195.

Rosin, nominal; no sales; receipts 536; shipments 83; stock 118,414. Quote: A B, 3.50; C D, 3.52½; E F G H I, 3.55; K, 4.15; M, 4.50; N, 6.00; WG, 6.25; WW, 6.35.

FINANCIAL MARKET.

New York, Aug. 21.—Mercantile paper 6 to 7; Sterling exchange nominal, for cables 5.06; for demand 5.08.

Sugar—Fluctuating. (Present cost in New York, 7⅝c.)

DUN'S TRADE REVIEW.

Factors Steadily Making for More Normal Conditions of Trade.

New York, Aug. 21.—Dun's review will say tomorrow:

Prompt and effective action by the government in co-operation with leading representatives of American business is steadily making for the restoration of more normal conditions in foreign trade. There is nothing either unsound or unpromising in the domestic trade and crop situation, all the disturbance now experienced in the market being due to the interruption of foreign commerce and the suspension of the usual foreign exchange transactions caused by the European war. With the re-opening of our foreign trade on a liberal scale there should be a return to full normal prosperity in American business.

Failures in the United States this week were 346 against 247 last year; in Canada 39 against 38 last year.

THE FINANCIAL SITUATION.

Probable Extension of British and German Moratorium.

New York, Aug. 21.—Probable extension of the British moratorium and unconfirmed reports that Germany purposes extending its suspension of specie payments for another three months, constituted the more depressing features of the world's financial situation today. Otherwise, conditions were calculated to make for increasing confidence in the ultimate working out of the more serious problems which now confront the domestic markets.

A very moderate loss of cash—probably less than $3,000,000—is expected to be shown by the local banks this week. A further decrease of 1.7 per cent. from last week is shown in the local weekly bank clearings, which are almost 23 per cent. under the corresponding week of 1913.

TRADING IN SUGAR FUTURES.

To be Permitted on Floor of the Coffee Exchange.

New York, Aug. 21.—The coffee exchange today adopted resolutions and amendments to the by-laws to permit trading in sugar futures on the floor of the exchange. Trading will probably not begin, however, until the coffee ring re-opens. Previous plans had set September 1st as the date for beginning trading in sugar.

DRUGGISTS SCORE GOUGERS.

Raising Prices of Medicines Denounced by Retailers.

Philadelphia, Aug. 18.—Condemnation of the alleged action of some wholesale dealers and manufacturers in the drug trade, who, because of the European war, have raised prices, was voiced in a resolution adopted here today by the National Association of Retail Druggists in annual convention. The resolution states that "it is common knowledge that many wholesale dealers and manufacturers of drugs, chemicals and medicinal products employed in improving the conditions of the sick are displaying lack of humanitarianism and patriotism by taking advantage of the grave conditions that confront the American people to advance unnecessarily the price of the essential medical commodities."

MRS. MARTHA GORHAM DEAD.

Aged Woman of Wilson Has Been an Invalid for Years.

(Special Star Correspondence.)

Wilson, N. C., Aug. 20.—Mrs. Martha Gorham, the aged mother of Mr. W. C. Gorham, died at the home of Mr. and Mrs. Gorham Wednesday night of old age. Mrs. Gorham has been practically an invalid for several years. She was 91 years old. The funeral service was held from the home of her son Thursday afternoon and the burial was at Maplewood cemetery.

NEWS OF A DAY FROM THE STATE'S CAPITAL

Governor Grants a Pardon and a Commutation

Prisoners Brought From Person County —Delegates to Road Congress Named—Grissom Re-elected Secretary—Homicide.

(Special Star Correspondence.)

Raleigh, N. C., August 21.—Governor Craig granted one pardon and one commutation today. The pardon is for Robert Crump, Chatham county, who has served since May, 1912, on a five years' sentence for manslaughter. The Governor, in his statement of reasons, says the difficulty that led up to the killing grew out of intimacy between the deceased and the wife of the prisoner and there was a desperate fight between them in which the prisoner was badly wounded. Court officials and others recommend the pardon, which is conditioned on good behavior.

The commutation is for Dixie Wall, of Davie county, in whose case a five years' sentence for stealing three packages of whiskey and 20 cents from the Southern Railway Company, is changed to two and a half years, more especially for the reason that the health of the prisoner is seriously impaired, he being unable to do any work of any consequence. Court officers recommend the pardon and S. J. Bennett was here today from Winston-Salem, as counsel to procure the commutation, which he carried back with him.

Deputy Sheriff R. W. Morris, of Person county, was here today to deliver to the penitentiary two prisoners. Miles Vestal, a white man, is to serve one year for larceny, and Reynard Davis, a negro, is to serve five years for a crime against nature. Deputy Morris says crops in Person county are exceptionally fine and that there was never known to be such a bumper crop of corn as seems now to be assured.

Delegates to Road Congress.

Governor Craig issued commissions today to additional delegates to the Fourth American Road Congress to be in session in Atlanta November 2-14. They were to J. W. Lambeth, C. A. Hunt, Jr., Dr. M. A. Mowen and J. A. Morris, all of Thomasville. It is understood that these gentlemen will make the trip to Atlanta in automobiles.

Failed to Make Case.

The Raleigh authorities failed to make their case against the two boys, Grover Wrenn and Walter Coley, charging them with setting fire to the Glenwood public school building last week when that old frame building was burned down. The two boys proved an alibi and that they were only joking among themselves when they were charging each other with having burned the building before their arrest. Police Justice Harris gave three days to the consideration of the case before he rendered his decision dismissing the case.

Negro Homicide.

Willie Davis, a negro, is in the city prison here for the killing of another negro, Henry Hamilton, in a negro settlement here last night. Hamilton was fatally cut by Davis after the two had fought with sticks, stones and watermelon rines for some time in the street. When arrested Davis seemed to be under the influence of cocaine.

Catalogue of Hall of History.

Col. F. A. Olds has just compiled and will have from the State presses soon a complete catalogue of the Hall of History division of the State Historical Commission. It will be illustrated and will contain enough of historical data concerning various exhibits to make it quite interesting reading and rob it of the usual dry status of catalogues generally.

Grissom Re-elected.

The new Republican State executive committee, with Frank A. Linney, of Boone, as State chairman, has re-elected Gilliam Grissom, of Spray, as secre-tary and Mr. Grissom has indicated his willingness to serve.

Housewives' League.

Preparations are being made for a State convention of the North Carolina Housewives' League in this city August 25-27. The dormitories and lecture rooms of Meredith College will be used for the convention and a big attendance is expected. There will be canning club demonstrations and special lectures and demonstrations in cooking as well as important business to be transacted in the business sessions of the convention. Mrs. Charles McKimmon is president of the State association and among those who will take special parts in the demonstration and lecture work are Miss Cathrine Parker, Raleigh; Mrs. Julian Heath, of New York, president of the National Housewives' Association.

REV. L. B. PADGETT CALLED TO NEWBERN PASTORATE.

First Baptist Church Well Pleased With Temporary Services.

(Special Star Correspondence.)

Newbern, N. C., Aug. 21.—Several months ago Rev. E. T. Carter resigned the pastorate of the First Baptist church of this city and went to Spencer to assume the pastorate of the church of the same denomination there. Following his departure Rev. L. B. Padgett, of Greensboro, secretary of the North Carolina Laymen's Movement Association, agreed to supply the pulpit during the summer months and this he has been doing. The congregation of the church are delighted with Rev. Mr. Padgett's work here and a few days ago they unanimously extended him a call to assume the permanent pastorate of the church and he now has the acceptance of this under consideration.

Since coming to Newbern, Rev. Mr. Padgett has done much good work and has made a favorable impression, not only on the membership of the church but among the citizens as a whole. There is every reason to believe that he will accept the call.

MRS. DELIAH MORGAN DEAD.

Possibly the Oldest Woman in the Wilson Section.

(Special Star Correspondence.)

Wilson, N. C., August 21.—Mrs. Deliah Morgan, possibly the oldest woman in this section, died Tuesday night at her home near Stanhope, and was buried in Wilson Wednesday afternoon. Mrs. Morgan formerly lived here in Wilson and has a number of relatives here. She was 98 years of age. Several years ago a sister, Mrs. Strickland died here at the same age. The husband died some years ago and no children are living.

WHEREIN THE CANAL PAYS

Besides Its Value to Commerce, It Doubles Our Fleet's Efficiency, Says Gilbert.

(Special Star Correspondence.)

Kinston, N. C., August 21.—James J. Gilbert, assistant director of post on the Panama Canal Zone, who is on a visit here, says the big ditch is already a paying investment, although it will not actually make operating expenses under four or five years.

"The canal pays by doubling the efficiency of our fleet," says Mr. Gilbert. "Now men-of-war may make the trip to San Francisco from the canal in six or seven days, while before the work was finished it would take as many weeks." The concentration of a big fleet at Colon or Panama will make the force available for service on either ocean.

Mr. Gilbert is a native of this section and was at one time assistant postmaster of Kinston. He is now second in charge of the postal service of the Zone under Colonel Gethal's government. The Canal Zone potsoffice department is separate from that of the United States, although patterned after and supplying its clerical force under the same civil service rules. He is stationed at Ancon, the government-built town in which the population is about 3,000 and the death rate is almost zero.

Canal Is Wonderful.

Even to a resident of eight years the canal is wonderful. Mr. Gilbert says the fortifications at the ends of the canal are among the biggest in the world. The utmost secrecy is maintained in their construction. and not a dozen people of the 35,000 in the Zone have ever been through all of them, passes only permitting one to see such portions of the work as the officers in charge are willing for curious eyes to observe.

It requires about eight hours to go through the canal. Its adequacy is apparent, and a big fleet of vessels may be moved through it in 24 hours' time. Inside of five years, authorities estimate, the canal will pay working expenses, and in about two decades will pay interest of one or one and a half per cent., taking into consideration the average increase of traffic.

CLYDE CANNADY WILL PLEAD SELF DEFENSE.

When Placed on Trial Next Month for Murder of Sarlandt.

(Special Star Correspondence.)

Newbern, N. C., Aug. 21.—When Clyde Cannady, who was located and captured near Wilmington Tuesday by Sheriff Cowan, and who is charged with killing E. W. Sarlandt in this city two weeks ago, is placed on trial at the September term of Craven county Superior court, he will doubtless enter a plea of self defense. A newspaper man visited Cannady in his cell yesterday and endeavored to secure an interview from him but without avail, Cannady stating that he did not have a thing to say now but would tell all about the affair when he was placed on trial.

From other sources it is learned that Cannady, after leaving Newbern on the day of the homicide, walked to Jacksonville where he went to the home of an aunt and remained in hiding there for a short time. Later he went on to East Arcadia, near Wilmington, to the home of a brother. It was while there that Ralph Cannady, one of his brothers, decided to turn the fugitive over to the law and he told the New Hanover officers where Cannady could be found and they at once went to that place and took him under arrest, placed him an in automobile and made the trip through the country to Newbern in his machine.

The murder of Sarlandt was a most brutal one. According to the testimony of Alex Curtiss and Sid Gautier, who were with Cannady when he is said to have dealt the fatal blow, Sarlandt was beaten to death with a paling taken from a nearby fence. He was then placed in a hack and carried to a point near the waterworks and dumped out on the ground where he lay for several hours. Oscar and Rudolph Sarlandt, of San Francisco, brothers of the dead man, are in the city and will probably remain here until after the trial.

FOR THE ERECTION OF A BONDED COTTON WAREHOUSE.

Money Being Raised at Wilson—Tobacco Men Talk.

(Special Star Correspondence.)

Wilson, N. C., Aug. 21.—Strenuous efforts are being made by the committeemen to raise the stock for the erection of a bonded cotton warehouse. Reports from the workers indicate a successful campaign. In discussing the need of the warehouse, Mr. L. P. Woodard estimates the cotton crop this year at 38,000 bales.

Arthur Fulgrum, of Wilson, is local manager this year for the Imperial Tobacco Company at Lake City, S. C. The report from that market for August 18th, shows that the four warehouses handled 490,315 pounds of leaf and the total sale for the day amounted to $65,212. Telegrams from that point received here yesterday state that the leaf is bringing 15 cents a pound and is of poor quality.

W. T. Clark, one of the leading tobacco men of Wilson, states in an interivew that he believes the United States Government will make a mistake to increase the tobacco tax at this time. The reason for the statement is that the present unsettled condition will necessarily lower the price of leaf tobacco and the increased tax would tend to still decrease prices.

Prof. J. S. Edwards, of Wake Forest, has been elected principal of the Lucama High School for the ensuing year.

MR. GEO. B. WEBB DEAD.

Was Former Mayor of Kinston and Highly Esteemed.

(Special Star Telegram.)

Kinston, N. C., August 21.—George B. Webb, a former mayor and at one time a leader in local business and civic life, died this afternoon at 5:10 o'clock as result of a stroke of paralysis suffered ten days ago. Mr. Webb was 59 years of age and one of Kinston's most popular older citizens.

He was widely and prominently connected. His disposition was remarkable for its utter lack of selfishness, and reverses in his latter years were said to have been because of his charitable inclinations. He passed away in his home in Northeast Kinston. Mr. Webb was the father of Guy Webb, president of the Norfolk Board of Trade.

DON'T MARKET COTTON; STORE IN, SAYS GODWIN

Borrow Money on Warehouse Certificates to Tide Over.

Message Sixth District Congressman Sends to His Constituents Who Ask His Advice—Salaries for Deputy Marshals.

(Special Star Telegram.)

Washington, D. C., Aug. 21.—"Do not market your cotton. Store it in warehouses, properly protected by insurance, and borrow enough money on warehouse receipts to tide you over," is the advice Representative Godwin is giving the cotton people of his district. Mr. Godwin is a large cotton planter and knows what he is talking about. Furthermore, he has made a study of the present cotton situation and he thinks the above is the proper way in which the present cotton situation should be handled.

Mr. Godwin thinks the government will provide plenty or money for the handling of the crop, but he points to the fact that Europe is in the midst of the greatest war in the history of the world, and this Government nor any other can make a market for cotton just now. Therefore, he thinks cotton should be stored and enough money borrowed to tide the planter over. Then he thinks a good price will be had for the product.

Mr. Godwin's advice was in answer to a joint letter from D. H. Britt, W. P. Barker and Grover Britt, of Lumberton, and J. Allan Taylor, of Wilmington, telling Mr. Godwin that his plan of handling the cotton situation was indorsed by the cotton people of Eastern Carolina.

Most of the deputy United States marshals in the Eastern North Carolina district will be placed on a salary basis. This announcement was made today by Senator Simmons after a visit to the Department of Justice.

The senior Senator thinks the new plan will guarantee greater efficiency to the Government. Senator Simmons has wired Marshal Dortch and Collector of Internal Revenue Bailey to come to Washington to help arrange the districts and salaries. The new order does not apply to deputy collectors but to deputy marshals in the Eastern district who are not already on a salary basis.

Tar Heels in Europe.

Representative Webb has received a letter from F. B. McDowell, dated Vichy, France, August 5, in which he says that he and Mrs. McDowell were safe but needed money. The State Department at the request of Mr. Webb cabled funds to the stranded pair and has been advised that they will sail for New York September 18. Mr. and Mrs. McDowell are from Charlotte and are well known in the State.

Mr. Webb was also advised that there would be 18 vessels on the Atlantic within the next two weeks bringing all Americans to this country who desire to leave.

Among the visitors here today are T. V. Terrell and R. C. Alexander, of Cooleemee; C. H. Miller, B. S. Call, of Wilkesboro; G. S. Greelman, of High Point; F. W. Low, of Monroe; D. E. Newton, of Shelby; F. F. Stevens and wife and Sheriff Wallace, of Charlotte.

Representative Webb has been advised that Mrs. Thos. H. Briggs, of Raleigh, is safe at Cherborg.

P. R. A.

MR. JNO. W. PURVIS DEAD.

Prominent Citizen of Edgecombe Dies at Son's Home.

(Special Star Correspondence.)

Tarboro, N. C., Aug. 21.—On Tuesday of this week at 12 o'clock at the home of his son, Ed Purvis, in this city, Mr. John W. Purvis died as the result of an apoplectic stroke which he suffered the previous Saturday in Norfolk and from which it was thought he was rapidly recovering, the death, consequently came as a great shock to his immediately family and practically everyone in Edgecombe county who knew and admired him for his many estimable qualities as a citizen, a father and a husband.

CALYPSO COUPLE MARRIED.

Miss Mary Britton Bride of Mr. L. J. Bird.

Warsaw, N. C., Aug. 21.—Miss Mary Britton and L. J. Bird were quietly married here yesterday afternoon in the presence of only three witnesses by Justice of the Peace J. H. Fonville. The young couple came here on the afternoon train from Calypso, were married, and returned to their home on the evening train. Both of the contracting parties are well known farmer folks, of the Calypso section of the county.

Spend Sunday at Carolina Beach. (See steamer Wilmington schedule.) (Advertisement.)
